Vitani's Mate - November 1, 2014, 12:34 am

Hey guys.. I am making this thread that will be updated every month that Microsoft releases games for Game with Gold.

It is going to be straight forward and there was a thread about this but.. It isn't updated sine September so why not make another thread that is updated. I always check what games will be available with Games with Gold. :D

So lets get started shall we? :D

To check what games have already been out in the past on Xbox One and Xbox 360 please click this link: http://en.wikipedia.org/wiki/List_of_Games_with_Gold_games

I was actually going for the Australian version.

Volgarr the Viking was replaced by that golfing game in Germany, Russia, Korea, Japan, Taiwan, Australia, New Zealand and Brazil.

I pretty much went with that.. I am pretty sure Volgarr is just in the US.
Like I did mention it when I put Golfstars up.

Although I am Australian, you should add the US games too (main audience on HF).

They have released nothing but bullshit for the xbox one. I know they don't have many to choose from but come on the game looks like it was made in the 70's

I love how you assume someone's stalking you when there's a new thread created. Like you're the only one who's able to respond to threads. Pull your skirt down ?

Because every time there's a reply from you towards me, it's you talking more shit.

I'm done even arguing with you. You're a worthless member overall and think you're a somebody.

Good day, douchebag.

There is a few threads about this but.. Not really enough information.

So why the fuck not? XD

Roger Waters - November 3, 2014, 9:06 am

I might download Chariot, just because it sounds like something I'd be interested in.

I don't think I'll be downloading anymore Xbox 360 games simply because I won't have a use for it once The Master Chief Collection and GTA V release for it.

jayonlinemethod - November 3, 2014, 10:26 am

Vitani's Mate - December 3, 2014, 2:01 am
