Thread: [Forum 'Writers' Group Leader](#)

Wires - November 2, 2014, 4:53 am

Forum's in my signature. Looking for someone to lead a group whom will produce the weekly news etc. I quite frankly don't get a flying fuck if you're Ub3r, L33t, or a normal member. That means nothing to me.

Requirements Good Punctuality
Able to produce in a short space of time
* Excellent Grammar, structure, and punctuation

If you're interested, please Pm me with a made-up article, you've written about yourself. No less than 500 words.

Would this be just for the "status" or would there be any pay involved?

No pay is involved. It's a chance to lead on an upcoming forum, or as you said, just for the "status".

I'm not really interested in owning a Writers group, but if you need a group owner, Who has for example alot of expertise at Gaming, Hacking or anything else, then let me know :p

This is a good chance to become a known member on this new active forum.

I don't need a free group, I was just trying to help out, if it's needed.

Are you seriously trying to recruit members on your forum through this forum?

It is allowed, is it not? Been done many times before.

The group itself on the forum is not called Writers. Was just an easier name for the thread (assuming users know of the HF group), so they've got an idea of what is required of them.

The group isn't actually called Writers on the forums.
