????????????????????

I have received a copy of the eBook, Treasure Forest. Like with every eBook I review, I'll be giving my HONEST opinion of it based on grammar, originality, ease of use, and organization. Please note that I am NOT in any way affiliated with Sam Winchester or Treasure Forest. Now without further ado, let's begin the review!

Grammar10/10

I can say the last thing you really want to worry about in this eBook is grammar. Everything was clear and understandable. I have yet to find a spelling error in any of Sam's eBooks. I can tell hard work was put into this eBook to make sure anyone, knowing the English language, can read this. Phenomenal grammar!

Originality 8/10

Originality. It was really hard to state how original this method is. The fact that we see it happen everyday, or the fact that we just don't think about it too much. I can definitely say yes, it does work. It'll always work actually. There will never be a time this method won't work. Do note, however, patience and hard work need to be put into this to gain something out of it. If you're quite lazy, a couch potato, whatever, this isn't for you.

Ease of Use 8/10

Like I mentioned earlier in this eBook, it does require you to be patient, and you need to be hard-working. Without those two, you can forget about all of this being autopilot. Once you become patient and hard-working, THAT'S when this method can become autopilot for you.

Organization 10/10

One of things I like about Sam's eBook is the way the content is organized. The sections are organized by questions. It's as if he puts himself in the buyer's position. He ask questions what buyers might ask, and then he goes on answering them. This might be a bit confusing as of right now, but later on when you purchase this eBook, you'll understand.

Overall 9/10

I'll make this short and sweet for those who are lazy to read everything above. Yes, everything this eBook features are included.

Many will ask, can this be autopilot? Of course it can be autopilot, well that's if you MAKE it autopilot. You WILL need to be dedicated, hard-working, and patient. That's when this can all become autopilot. I say this eBook does work, and it does have my vouch as well.

Thank you for offering me this vouch copy. This has been my honest review of Treasure Forest.

.Sinister APPROVED ?

Side note: Again simple. If you put in work, this method can become autopilot, and could even make a good source of income.

(Nov 7, 2014 02:54 PM)QoL?? Wrote: [\[CITE\]](#) Vouch for Sam! Known him for a long time and anything from him is legit! Don't hesitate to buy this!

(Nov 3, 2014 08:48 AM)Trolhi Wrote: [\[CITE\]](#) After receiving a vouch copy i did read it and now im doing my honest review.

Grammar: I didn't find any mistakes yet, very easy to read. 10/10

Originality: This ebook is very original, i have never seen anything like this. 9,5/10

Quality: The quality of this ebook is outstanding,very detailed text. 10/10

Ease of use: It's very easy to read and everyone should understand it. This ebook also has few pictures too. 9/10

Overall i give 8.5/10 for this ebook. I think it should have few more pictures and it would be perfect! Don't hesitate to deal with Sam this is very HQ ebook and you wont find any other same like this.

Vouch for Sam & product

Godlike Cash is another ebook that I've written. You can check it out [here](#).

What's the difference you ask? They're two very different methods to make money.

Kayvh - November 8, 2014, 7:58 am

Both are good methods to make money which I didn't want to sell in one pack. Also, there's no answer to which is better as it greatly depends on how you use them.

Kayvh - November 8, 2014, 8:06 am
