Thread: [\[Cheap\] Dox Service \(Will NOT dox HF Members\)](#)

Destruct0r - November 4, 2014, 8:05 am

Hello, Destruct0r here, offering my Dox service. Currently there are two technicians to dox, and I will keep my prices low. Payments are not required until after I have completed the dox. I know I don't have any fancy graphics or logos, but that is because, im my opinion, that's all a cover. If you have to hide behind a fancy graphic that's fine, but here I go straight to business.

What you will need:

Need at least 1 of the below, the more the better:

Skype

In-Game Name

Account Name

Real Name

Just something to start a dox. PM me if you are interested, and as this is a no-risk service, you shouldn't hesitate.

Also, my services tend to be cheap. Typically under \$50, but if you need things extra things done to the doxee, then prices will adjust accordingly.
