Something i've known in the past few days is that.

Don't ask for something like 20\$, be a bitch and say

"I don't wanna look like a slut, so would 50-120 be fine? :c"

Alot of pedos will pay loads.

Fuq eWhoring is illegal, eWhoring is a method to gain profits by pretending to be a woman in many different acts.

Bro? - November 4, 2014, 7:33 pm

A lot of people dont have the 120\$ to pay for a cam show, some hookers are even cheaper than that so I don't really think this is a good method.

You never showed me proof of earnings before.

Although I'm not saying you don't make money, but you can't say you make more then me when we've never seen each other's earnings. But I don't want to argue cause we both know this is what it'll end up turning into.

You make your money, I'll make mine. ?
