Thread: [\[RABBIT DOUBT\] Rabbit Hanging 4! \(The Finale!\)](#)

Tasemu - November 5, 2014, 7:50 pm

Once again the rabbits gather together around the campfire to vote out who they believe to be the wolf. The group has been picked apart both at the hotspring and on the trail back to civilisation.

The bunnies spent a long time discussing but the vote is very split. After hours of discussion, -F0rsak3n-, Nine and Viper band together and convince the group that they believe the wolf to be Fireworks. After much debate the group finally agree. The group turns to face Fireworks who does his best to convince them that their accusation was ridiculous, but the decision had already been made.

Tweety breaks away from the group to try and corner Fireworks. With nowhere to run Fireworks has no choice but to retaliate.

In a split second, Fireworks leaps on Tweety and knocks him down. Fireworks jaw begins expanding revealing rows of sharp hooked teeth. Fireworks attempt to finish off the group never happens however...

Tokey, who had stolen a small blade from the hotspring kitchen to use incase the group had decided to lynch him, had already jumped into action the moment he noticed the transformation. Before Fireworks had the chance to react, Tokey was on his back and repeatedly shanking him in the neck with the blade. Fireworks tries to shake him off but there is no chance, it isnt long before Fireworks eyes roll back and he finally collapses onto Tweety... Dead. His final revenge being to release his bowls onto tweety...

CONGRATULATIONS GUYS! You killed the wolf! Good work and so on!

Can each bunny still alive please PM me a number between 1 and 100. I will use this as the lottery system for which bunny gets the prize. Be aware you will need to send me your postal address to receive the gift. (Also post a pic of it when it arrives) :)

Vip?r - November 5, 2014, 8:04 pm

Well well well.

I don't read manga so yea, more chance for the alive!

Kina - November 5, 2014, 8:26 pm

I would like to state for the record that I was right from the very fucking beginning. My very first vote was Fireworks and I had to die for your ignorance. Fuck all of you.

--

I'd say jk but I am actually a little disappointed I was right all along but no one would listen to me.

Tokey - November 5, 2014, 11:07 pm

Killing blow! :D

Anyways, I'm actually not too interested in the prize myself. I just felt like participating, I'll let those who really want it roll. Thanks Tasemu for all the time you put into this, It was good fun.

I'd say jk but I am actually a little disappointed I was right all along but no one would listen to me. That's because I already had them mentally hooked with the seemingly random murder of Endomous...

I picked Endomous first because, lets face it. He's the most innocent.

I think the next victim was ViperCoder. I picked Viper because he had accused me earlier on during the first round and I figured people would think: "Oh the wolf wouldn't kill someone who accused him the previous round right? (Wrong)"

I don't really remember the next victim, as their choosing was random and I literally just pointed my finger randomly on the person on the list. (I think it was supposed to be Tails, but I changed it to iMew later).

Then Tails started to talk a little too loud so I offed em' with my sharpest tooth.

Next had to be Tails partner in crime (Name Here), who I'm assuming was his partner.

Then, I think I got caught.

See I'd vote you best wolf but you didnt win. Prox is best wolf. ?

Chad ThunderCock - November 6, 2014, 5:34 am

You mean I found the wolf? Like I said, I may now brag as the Sherlock Holmes of Anime Adventures.

I knew I was right from the first round :D

Tasemu - November 6, 2014, 5:53 am

Its not about being right, its about convincing enough people you are right. ;)

zyvox - November 6, 2014, 7:03 am

I didn't vote for Fireworks because a lot of people was, so I kind of tried to make Fireworks last as long as possible by using my vote on someone else someone voted on, because then people would still probably vote Fireworks over myself later :d

I beg to differ, I take full pride in knowing that from round 1 I was right, and I was the only one to be right from round one. And I had to die for it. ?

I'm not really surprised that it turned out to be Fireworks to be honest.

you were? I said it was fireworks on round 1 also. In fact I said every single round. Although I only voted for him since round 2

tweety - November 6, 2014, 1:06 pm

Did not see that one coming at all, nice work to Firework's playing that off well lol. Little surprising, you won my trust and everything ;_;

(In all seriousness, I knew you'd have the highest chance of being the wolf later on because I

couldn't really see any of the other candidates killing me off. My suspicions were Viper, You, and Nine I believe. And seeing as you were the last one alive up to that point I had my suspicions.)

Kouichi - November 6, 2014, 6:11 pm

I... I didn't die. ;-;

Good luck to the ones that want the manga and lived.

Fireworks - November 6, 2014, 10:54 pm

It was fun being the wolf. I'm sure a lot of people suspected me, but hopefully my innocence paid off in the end.

Manny - November 7, 2014, 12:11 am

At first I suspected tweety then angel xD.
Such fun times.

Don't get me wrong I wanted to kill you all, but I was just a mere innocent rabbit.

Huehuehue. I would've chosen you because you were the only one not accusing me. So,you had to go. Then after you was going to kill off one of my accusers, then kill text person to accuse someone else other than me.

I just felt like too many chose the popular vote rather than actually trying to figure it out lol.
