Don't put yourself in a position that will get you in trouble.

Andy Botwin - November 6, 2014, 10:17 am

Anything under 16 is too young. It's the law and it's just common sense.

Maradonnie - November 6, 2014, 10:17 am

I'd say 16-17 for a 19 y/o. 15 is too young man.

Duyere - November 6, 2014, 10:18 am

Legally, you can date anyone younger than you if you have consent from their parents. Having sex is another story. But always remember:

Age is only a number. Don't let the fuckwits on this forum or anywhere else tell you otherwise.

Malwhere? - November 6, 2014, 10:18 am

17 would be your limit brother.

Anything under that and people are going to look at you in disgrace.

SysAdmin - November 6, 2014, 10:20 am

I do this: Every year that i'm older, the age of the girl i'm looking for increases, so basicly, As i'll be 18, i will only be looking for girls at their 16's, 17's, No less. I don't want to be marked a pedophile, lol.

inbeesible - November 6, 2014, 10:59 am

If you're around 20, 3 years younger than you.

If you're around 25, 6.

If you're around 30, 12.

I was about to say it's exponential, but you would end having an affair with your granddaughter.

xXxAlphaxXx - November 6, 2014, 11:01 am

Sorry for hijacking a thread but if im 15 is it bad to date someone who is 13?
NO SEXERINO

Paranoid? - November 6, 2014, 11:02 am

As you're 19, I'd say 17 would be the youngest.

Yes, it's bad.

You're quite fucked up if you do that, imo.

Optimized - November 6, 2014, 1:10 pm

Too young is 10. But dude, why should age stop you

Davy - November 6, 2014, 1:10 pm

Who cares, just bang them. #yolo #swag #420blazeit

Industry - November 6, 2014, 1:12 pm

Is this a trick question? Check your state laws for age of consent, that's all you need to know.

DiamondLife - November 6, 2014, 1:13 pm

I'm still 17 (graduated), 18 in December, but I would never touch a freshman. Quite possibly a Junior, but even then, feelings must play a major role in it.

thrax - November 6, 2014, 1:20 pm

It's really up to you, I'd say anyone 17 or 18 is completely normal.

However, although 16 is legal it's still a bit risky.

Psilocybe cubensis - November 6, 2014, 1:20 pm

In my state you can fuck a 16 year old as long as you aren't a coach or teacher so i guess 15 is too young. When i was 18 i dated a 15 year old 4/3 years is usually my limit.

Even though a two year difference is nothing for older ages, I think 13 is too young to be dating a 15 year old. They are in 7th/8th grade and 15 is a Freshman/Sophomore in high school.

Special Ed - November 6, 2014, 1:46 pm

What ever the legal age of consent is in your state.

Shoppa - November 6, 2014, 1:48 pm

If they're that young that you don't feel attracted to them then they're too young.

for me that depends on the girl (16+ mostly), I'm 19 as well.

Sur Justice - November 6, 2014, 1:49 pm

it's an easy formula

Your age / 2 + 5 anything above is fine
your age * 2 - 5 everything below this is fine

mike00lex - November 6, 2014, 8:58 pm

Why young? Older is the way to go. More experienced and better credit.LOL

ryderstorm - November 6, 2014, 8:58 pm

(Nov 6, 2014 11:14 AM)Warbeast Wrote: [\[CITE\]](#) Alright, so I'm 19 now and a senior in high school because I messed some years and ended up taking longer and shit. Anyhow, how young do you think is too young?

I get girls ages 15-18 add me on Facebook every now and then and I barely even know them, just kinda recognize them from school. I really don't even feel comfortable adding some 15 year old girl who then tries to flirt with me and shit.

What do you think the minimum age is though? Oh yeah, by the way, the legal age for consent is 16 here.

EDIT: Holy shit people, you're understanding this wrong. I'm not even considering someone 15 years old. I'd MAYBE consider someone who is 16 but I don't know.

It's kinda weird. 17 I think is fine, but I'd like to hear opinions and obviously anything above 17 is completely fine.

15 will get you twenty years brah.

Enjoy club fed!

?

BLVKPYRAMID - November 6, 2014, 9:01 pm

If They're Just Adding You It's Fine & If They Try To Flirt With You Ignore Em

Nowajaz - November 6, 2014, 9:03 pm

I think you should only go for people 2 years younger so a 17 year old for you as minimum.
Maximum doesn't matter ;)

Shlazam - November 6, 2014, 9:33 pm

Always remember.

Old enough to cross the street..old enough to bang.

;))

samschneider1 - November 6, 2014, 9:55 pm

Well this is weird, but in my country there are girls who are 14 years old and they are together with like 20 years old boy.

Fucked up kids.

Hmm.

What country would that be brah?

skadoosh - November 6, 2014, 10:35 pm

If it's illegal, she's too young for you.

severos - November 6, 2014, 10:43 pm

In my country you can see guys with girls who are 5 years younger than them, but we're talking about relationship with no naughty stuff (just feelings for each others) and girls are always 16+, however if you're planing for naughty stuff it'll have to be 18+, if I was in your place I'd consider girls from 17+ as younger ones wouldn't be grown up enough for stable relation.

420 Blaze It - November 6, 2014, 10:43 pm

If it's illegal, but I keep it to 1 year, maybe 2 years at MAX.

zeroexp - November 6, 2014, 10:45 pm

Well, from my experience, 10 years below my age.

So, if I'm 18, a 7 year old would be too young.
