Thread: [so this piece of shit killed my cousin](#)

iNviZ - November 6, 2014, 10:53 pm

killed my cousin. (note my best friend as well) He was a gentle person, this fucker shot my good friend as well 3 times. This took place a little over 2 weeks ago over a bar fight. He is in jail of course but has the balls to get people on facebook to raise a funding to bail him out, wtf.

Wow that sucks :(

There's no way anyone would give such a person money after what he has done.

Maybe call the police and maybe have it taken down, i'm not exactly sure :/

Griev?us - November 6, 2014, 11:04 pm

Your best friend killed your cousin? The only reason why I could see you caring about this is if you were planning on fucking her. Well, were you big boy? Your best friend ruined your what could be fuck toy and now you're enraged? Man, I too would be absolutely furious until the thought of me being able to go to the bar and make any other girl my fuck toy occurred.

Aceman - November 7, 2014, 10:14 am

I'm sorry for your loss. If he killed my bestfriend I wouldn't turn the other cheek.

Get strapped up call for your back up and then walk up on him at night bam in the back of his head. Go back home and barf and realize what you just did.

Because he deserves it right? He killed one of your loved ones. Are you going to get him back?

People on HF talking about revenge but come on... Do people on here really have what it takes to pull the trigger? It isn't that easy as people say it is. Just incase you are thinking of revenge.

Why would you ruin your life and ruin the life of the victim's family just for a bar fight, instead of just fist fighting like a man. Some people are fucking retarded.... ah don't even know what to say. If stuff like that pisses me off, imagine you right now. I'm sorry for your loss, stay strong :(

Caddywompus - November 7, 2014, 8:59 pm

Hey iNviZ!
Caddywompus here

I just wanted to apologize for your loss man. It's not easy to accept that best friend is no longer apart of this world that we live in. Although I have a great feeling that you will see him again. It's only goodbye for a little while.

People like this deserve to be placed in prison forever. Ultimately, there is not a reason in the world why One human being should end the life of another. It is unmoral. It is unfair. And it is ugly

I cannot believe that he started a little "Fundraiser" to bail his butt out of jail. How absurd. Use, Abuse, Reuse must be his way of thinking.

Anyway, again, I am sorry for your loss and I hope that Justice gets served.

Truly yours

Keep your head held high, brother. Remember the good memories you have of you two together. As for that fucker, I hope his next four years are hell. You can only hope that he has learned any lesson from rotting away for ten years and that no one else will be negatively affected by his future actions. Although, that won't bring your cousin back.
