I can't PM, so can someone please notify him to come here as he never even checks his booter support.. If someone can do this kindly, that would be great. Thanks. I really need my \$ back.

Also he made a thread, then junked it, then i had to get staff to unjunk it.

Please refund me....

OK. It was fixed, now the booter doesn't have ANY layer 7. Literally NONE. Only has L4. Fucking scammers.

cADET - November 9, 2014, 9:09 pm

I would say that this is probably a misunderstanding. I don't see someone ruining there reputation over \$3.

Hope this gets resolved OP.

420 Blaze It - November 9, 2014, 10:42 pm

Seriously, who scams for \$3? Nubs. Should be a misunderstanding.

Dr.Penguin - November 9, 2014, 10:43 pm

Server97 - November 9, 2014, 11:42 pm

Shouldn't you atleast get 25 posts before even doing business?

Kongou - November 10, 2014, 2:13 am

You did not even mention the problem, only that you wanted your 3 dollars back lol.

(Before he added the "fixed" part.)

SlawShovel - November 10, 2014, 2:49 pm
