Thread: [Any keylogger coded in Native on HF](#)

imakeitrainy - November 9, 2014, 6:36 pm

I need Keylogger coded in Native...

Please name the working ones or if u have... Thanks

Accessory - November 9, 2014, 6:37 pm

There's a search tab for a reason.
try using that before posting.

(Nov 9, 2014 07:39 PM)ZanyWing Wrote: [\[CITE\]](#) Coded in native what? Assembly? C? C#? C++? Python? VB? Java?

Doesn't really matter as long as it is native lol.

imakeitrainy - November 10, 2014, 5:44 am

i searched several times, i bought darkeyes and no keylogger is working with it... I only native keylogger.... Thanks... any idea... please reply the post

Don't you even know what a native language is? ?

Anyways, most keyloggers on this section is coded in .NET which is enough for you I believe.
