Bad Santa - November 11, 2014, 1:22 pm

VCW consists of video files that can be played through MANYCAM , SPLITCAM or BSPLAYER :)
etc

I haven't seen a sales thread with this VCW here but if " she's " from HF do tell and I'm going to remove the link and close this thread along with my humble apologies .

Vouch for OP. Exactly what he provided. However this is not a vcw as I know it(it are videos as OP states.), you'll have to turn it into one.

Thanks!

It's not a easy-vcw to load it into flash 10 ! You have to load the videos in manycam splitcam or
whatever program you're using .

I did not take credit for creating this i merely shared it with the HF community . BeckyG ? had resale rights given to him by -MK- which in turn gave me his permission to keep on sharing this with the community . My sole intent was to help others with a not so saturated VCW and if you truly care about "dick moves" just delete it from your computer and buy it from whoever has the right to sell it . thanks
