Why would i put your file on virustotal what are you talking about ?

You can't expect the bots to last forever if you want to keep them longer buy loads.

i encounter with this method so many times, almost every seller of bots do this for install option

when someone purschase bots automaticly saves link of his server and in few hours upload to Virustotal to detect file as soon as possible, so the slaves AV detect buyers server so he lost certain slave....

and ofcourse i dont expect to have my slaves for lifetime, but didnt had them longer than 12 hours... botkilled/detected by runtime...doesnt matter now

you can say everything u want, but i bought slaves 4times from different sellers and went the same, from desired amount i received half and in 2 days 5 slaves online :D so funny :D

Supreme_ - March 13, 2016, 6:51 pm

can you crypt my stub when I send it for a fee or nah?

HADĚ? - March 14, 2016, 5:48 am

At the moment i dont provide crypts, you will need to crypt it on your own.

goldpieces - March 14, 2016, 11:45 am

I think u should post this too on your thread mate..

Well, i just added you :) wanted to buy some bots ?

HADĚ? - March 14, 2016, 12:33 pm

That's why i recommend always to ask for PM on HF or any other verification before buying.
