Thread: [\[FREE FOR INSTINCT MEMBERS\] MW2 / MW3 / BO2 / GTA 5 RECOVERIES! \[PS3\]](#)

zSerity - November 13, 2014, 12:28 am

So I'm going to be opening up a recovery service soon, but before I do that I want to make it free for instinct members for a little while.

Currently I can do prestige lobbies / recoveries for MW2, MW3, BO1, BO2, and GTA 5. I could do them for Ghosts and AW, but ban rates are astronomically high.

WARNING: BO2 also has a risk for ban, so I am not responsible if this happens. All the other games listed are in the green zone. :)

If you have another game thats not listed here, I'll let you know if I can do it.

Or PM me! (You can also post to keep this thread alive)

If I'm offline I'll get to you asap. ?

Is this for Xbox, or PS3?

If Xbox I'll take a Mw3 and BOI lobby if possible

I'd like to have my BO2 stats modded, how high is the ban risk?

Well I got banned within a day, but I think that's because I was wall hacking and shit.

Can't really say man.

Why don't you do RTM's instead of recoveries for PS3?

Or do certain CoD games have to be done by recoveries?

PM'ed you on skype regarding this, can't wait to get my GTA 5 modded lmao.

The RTM modding tools I have currently only work for the account I am on. The only game I can do a prestige lobby for with you playing is MW2.
