Thread: [What Nicknames Have Girls Given You?](#)

Black Diamond - November 13, 2014, 12:06 pm

At least the one's aren't the normal bland shit, like during dirty talk, or in a relationship, etc.

Not those friends who call you Jay because your name is James, but legit nicknames like Biggie because you have gains or some shit, idk.

Personally, I've gotten a lot of Papi, Papi Chulo, Daddy, Cutie, Handsome, Stud, Playboy (once or twice), Player and the usual Baby, Babe, Baby Cakes, etc.

Inkling - November 13, 2014, 12:07 pm

I've gotten a lot of "lonxster"s, "inkclitinator 4000"s, and "inkclitsterbator"s

Brax, BraXXXy, Bubba, and Charles are a couple.

A?.ntichrist - November 14, 2014, 5:54 am

None, this is one of the things that I discuss right away when I start seeing someone.

I really like my "real" name so it's been agreed on to refer to me in the appropriate manner.

p.s. I have issues with nicknames, throughout high school people called me a variety of things. Basically everything from Nerd(I personally don't think that's bad but the way they said it made it sound very derogatory), Brainiac, walking encyclopedia, think tank, china eyes (probably the dumbest one of them all) to Computer.
