Crya - November 13, 2014, 4:03 pm

RIP Lounge

Anyways! What anime have you finished lately and what did you think of it? Also what do you plan on watching next? Some people like to see what others are watching and what they thought so they could get a idea if they were looking for what to watch.

I recently finished Spice and Wolf, need a season 3! I have moved on to Tengen Toppa Gurren Lagann though and it is very good so far.

Nine - November 13, 2014, 4:14 pm

An anime I recently finished would be Fullmetal Alchemist: Brotherhood and The Devil is a Part-Timer. Both were great and are hilarious as well. Now I'm currently watching Darker than Black which I started the other day.

Ellie Goulding - November 13, 2014, 4:16 pm

I recently finished Tokyo Ghoul and fucking loved it, can't wait for Season 2!!

And right now, I am currently watching BTOOOM! then gonna start Steins;Gate.

Chips Ahoy McCoy - November 13, 2014, 4:16 pm

Kind of close to finishing PsychoPass but I haven't completely finished it yet.

Buffy Summers - November 13, 2014, 4:17 pm

I finished Noragami a few weeks ago. It was great. I hope there'll be a season 2!

I'm thinking of starting Durarara!! because Celty is a babe. Has anyone seen it? Would you recommend it?

Leminiscent - November 13, 2014, 4:23 pm

I recently finished Noragami. I officially declare Hiyori to be my second waifu.

tweety - November 13, 2014, 5:20 pm

Why do you add discussion in the title? Every thread made on HackForums is essentially a discussion.

Esdese - November 13, 2014, 5:24 pm

In the past week I've finished, Sakurasou no Pet na Kanojo, Shuffle!, and Zankyou no Terror.

Pet girl was 10/10 imo feels were so strong.

Shuffle! was 7/10 imo

Zankyou no Terror was great just didn't really have feels.

EDIT: Forgot, finished Date a live, both seasons. Absolutely loved it.

The Devil is a Part-Timer!

Guren Lagann

The Highschool of the Dead

and I recently just finished the last chapter of the Naruto manga.

--

I'm open to suggestions. I'm really hoping to stop getting into one season animes because I usually get so attached and spend hours surfing the interwebs In order to find out if there's ever going to be a second season. I might get into Hunter X Hunter, heard a lot of good things about it.

GroveStreetOG - November 13, 2014, 7:23 pm

Finished Fate series like 2 weeks ago and haven't watched any anime after that, can't find any others xD

Recommend me one OP

Ang?I - November 13, 2014, 7:24 pm

Ahri????? - November 13, 2014, 7:57 pm

Started watching Kill La Kill, I'm enjoying it so far its a bit slow with the story progression atm, just fight after fight, hoping it will pick up soon.

Mac - November 15, 2014, 6:42 am

I just finished Another. Started Kill la Kill.

Pillows - November 15, 2014, 6:43 am

Kasparas - November 15, 2014, 12:47 pm

I think it was a solid 8. I actually liked it quite a bit, it's an awesome SoL with a sprinkle of romance. Hilarious to boot.

Spoiler ([Click to View](#))Would have wanted something to happen though, at least holding hands intimately or her getting feelings for him ;_;

Fox - November 17, 2014, 12:55 am

I recently finished Gunslinger Girl and both seasons of Code Geass.

Gunslinger Girl was great and I'm planning to watch the second season soon.

Code Geass was amazing, and the ending left me very emotional.

I should have watched that show earlier.

Leminiscent - November 17, 2014, 6:51 pm

I finished Toradora! a few days ago, and I just finished the OVA today. Toradora! is no doubt my second favorite anime atm, just shy of Clannad (specifically After Story). It is literally the epitome of high school romcoms (at least of what I've seen).

Seife?r - November 17, 2014, 6:54 pm

Durarara - watched the whole anime in 2 days, only 26 episodes, i am confused, ending did not seem like the real ending, it seemed rushed and it had a lot of flaws,

however i still loved it, but im sure why xD

Pion - December 30, 2014, 1:07 am

I finished a lot but if I go to my recent list, I can say Ookami Shoujo to Kuro Ouji and Ushinawareta Mirai o Motomete..

Ushinawareta Mirai o Motomete, I'm gonna say, it's somewhat messed up for first 4 episodes, first Kaori dies, then within seconds she is shown alive and cheerful, after watching all 4 episodes, I found that, when Kaori died, a white hair girl came from future and the time was reverted and it was like all the first 18 minutes I watched was for nothing, and then she saves Kaori by 4th EP, and thus it goes to a unnatural romance plot, IDK what to say, but the title suites it, In search for the lost future. BTW, when I first saw Kaori die, I was about to cry and heart break and was almost about to leave the anime but the plot twisted, so I watched another 4 and I got stuck with it, so I suggest you guys to watch it too!

Ookami Shoujo to Kuro Ouji, Its about a popular boy and a average girl love story, something similar to Kaichou wa maid Sama! If you liked Kaichou wa Maid Sama then you will certainly like this anime IMO!

It was quite funny & the voice actor was the same as Koyomi Araragi from Monogatari series so I liked it.

Tyranny - January 21, 2015, 7:47 am

My most recent anime conquest was Urusei Yatsura (Series, OVAs and movies). I have watched both Inuyasha and Ranma 1/2 so I felt it was somewhat necessary to watch this. I did rather enjoy Urusei Yatsura, it was a nice, fun series to watch and would recommend it to others if they fancy taking a step back from the newer, mainstream series. If I were to give a ranking to the three series, then first would be Inuyasha, followed by Urusei Yatsura, and finally Ranma 1/2.

As for what I plan to watch next, first I will take a short break and catch up on some regular TV, and then I will go and start blazing through my PTW list, which is getting bigger and bigger. First I will watch the series which I have purchased on DVD which I have not got around to watching, followed by the more recent series which I haven't watched that were released within the last six months. After this, I will likely go through my PTW alphabetically so that I am not stuck looking through trying to find something that especially takes my fancy, and just go with the flow.

I personally found Kaneki to be a whiny pissbaby through pretty much the whole season. I mean, I get it, the shock of turning into the thing your entire society isn't particularly fond of is pretty emotionally traumatic, but is that really entertaining to watch in an anime? Any ways of showing he went through a lot emotionally then poofing into him getting over it would have sufficed.

Owarimonogatari

3 and a half months to get from 01 - 728 One Piece. Now I'm sad since I'm stuck simulcasting it now.

Other then that finally decided to finish off Grisaia no Rakuen, and just finished GTO (Dorama).

Acel - March 9, 2016, 12:39 am

I just finished attack on titan and really want the 2nd season to come out

Finished hunter x hunter recently and it sucks how the writer has stopped writing it, I hope he continues or lets someone else carry it on because it's a really good series and it's sad how its stopped

Up to date on one piece watching it every week (favourite anime)

DerMensch24 - March 9, 2016, 6:44 am

Finished watching Legend of the Galactic Heroes a few weeks ago. Glad I chanced upon it, was one of those hidden gems of anime, and one of the most successful ones that aired in Japan but was never released in the US markets apparently. Definitely now within my top 5 anime.

Have also been watching Dimension W as its been coming out, been an interesting new anime as many newer anime often don't catch the eye in terms of quality character or story.

Maximus Meridius - March 9, 2016, 4:05 pm

I finished stein's gate! Such a great show and was sad when it was over!

Bumping this up because it's has been a year since we have seen anything.

I finished Tsuki ga Kirei, and started watching Yu Yu Hakusho hoping to catch up to the /r/anime rewatch, but I am going slow.

Tsuki ga Kirei was a cute SOL. It was a little slow for my taste, but overall it was a good show.

I recently finished Afro Samurai, Kikoushi Enma, Noragami, and a bunch of small stuff like special eps/etc.

Senpaii - August 27, 2017, 9:27 pm

New Game!, I find it really funny, it's that kind of anime that you watch when you have nothing to do.

WhiSky1337 - August 28, 2017, 3:52 pm

Finished "The King's Avatar", now watching ongoing.

gratholus - August 28, 2017, 5:23 pm

im gonna go ahead and count visual novels as anime. danganronpa 1 was fan-fuckin-tastic, and im about to play the second. i can't believe i didn't play this series sooner.

as far as TV anime goes, my most recent that i finished was tokyo ghoul s1. it wasn't anything special. i started the second series, but dropped it 4 episodes in because it was awful. i've been told to read the manga, so i'll probably start that soon.

hawk100 - August 29, 2017, 10:10 am

Ah. I was reading the manga, but left it in between as I got busy irl. When I went back to it, saw there were just too mannnnyy chapters to go thru, so left it.

Now I'll finally see the anime and be happy :D

Thanks!

SIM-3661255 - September 5, 2017, 8:53 am

Fate/Stay night and SAO were the best so far...

I am new to the anime world but I can say I'm impressed. Movies are so creative and fresh! I have watched Grave of the Fireflies few days ago and it really teared me up. I love other Studio Ghibli movies like Anthem/Whisper of the Heart.

And right now, I am currently watching BTOOOM! then gonna start Steins;Gate.
Steins;Gate is good. BTOOOM! wasn't bad either but also not the best I've ever seen. You should try No Game No Life and Code Geass if you haven't seen those.

It does indeed bear a strong resemblance to AOT, however I actually really enjoyed Kabaneri for the most part. It had a very strong start but faded towards the end, and actually finished with a very underwhelming plot twist.

I believe the concept of the anime was great and that the characters were also on point, however everything just felt very rushed and got somewhat repetitive towards the end of the series.

It could be great if a second series is released which solidifies some plot points and builds on some character relationships, but I doubt that will happen anytime soon.

I believe they're in the process of a season two as we speak. And I do concur that it was a bit rushed, I believe Studio Wit was still trying to ride teh AoT hype train with a similar anime to fill the in-between for seasons 1 & 2

Just finished the Gosick dub as FUNimation recently released the latter half of it. Honestly a really good show; just not better than Hyouka, which it seemed to be eerily similar to.

Kanye West - September 10, 2017, 2:47 am

Spirited Away and Totoro again

Professor Pantsu - *September 26, 2017, 10:22 pm*

Finished Jojo's part 3 and about to finish up part 4. Also now that the current season is ending I'm finishing up all that shit. Finished up New Game!! today and going to watch the last episode of Kakegurui in a bit.

welfore2 - *September 27, 2017, 10:10 am*

Attack on titan season 1. Honestly the anime got a little too "serious" for me but the last episodes got a little more interesting
