Thread: [Fanart i made for a game.](#)

Pandiet - November 14, 2014, 10:37 am

Here's some fanart i made for my favorite game SS13.

It's basically a clown amidst the chaos the game has to offer. The clown job is notorious because he makes people slip on bananas, harrasses crewmembers of the station. And does more stuff for shits n giggles.

It's a really awesome game that has a lot of things to offer, if you're curious google it. :)

Feel free to give me suggestions, criticism, or anything else you'd like me to know.

Thank you very much, props to my brother for giving me very nice suggestions.

Nice fan art, but the while color on the man hurts my eyes for some reason. 7/10. You should get more into details and face expressions.

On his hair, or on his face? It's my attempt to do some shading, i have much to practice!

Thanks for the feedback!

Ç'mon folks, i need suggestions! What more to add? Thanks!
