Thread: [any script for LFI/RFI scanner and exploit website..please help!!](#)

rishabh2241991 - November 18, 2014, 11:21 am

hi great hackers

please help me... i am searching script that search for LFI/RFI vulnerability and exploit it...if anyone using it please share your knowledge....

and please any great website hacker please make a thread where every scripts found with detail discription how to use it and where///...

tehningamaster - November 18, 2014, 11:46 am

Why don't you just use the search button, and search for a LFI tutorial, or a RFI tutorial...

DittoTheMan - November 18, 2014, 12:18 pm

The search button is right on the screen

i found lot of script on google also but some are working but not that way i am thinking ,,and some not working....

why admin u not make a thread of all script...where every script found for hacking...

i am searching a script where i put url let say www.cyz.com...and script start scanning sql ,lfi rfi...and if any vulnerability then give output and automatic attack it..... there are many script which say same but not working that way///// soo please any website hacker,,,,help tell how to do this,,,
