Thread: [Win \\$5 BTC](#)

Programming - November 19, 2014, 6:45 pm

Thought this would be fun!

Think of a number between 1 and 10,000

You can try THREE times.

If you get it right you get \$5.

No, I'm not going to cheat, I have the actual number in my head.

Go! :)

brian188246 - November 19, 2014, 6:47 pm

4865, 1988, 1359

Thanks for the giveaway.

Wheezy Gang - November 19, 2014, 6:47 pm

I am going to go with 6138, based on your post count.

I'll give you a hint.

You were SOMEWHAT close.

Gory - November 19, 2014, 6:51 pm

498, 607, 2013. Based on the hint that you gave above.

Deauthenticate - November 19, 2014, 6:52 pm

I will have 607, 498, 2013. Those numbers are close to your post count. ?
