L'appel du vide Group Leadership Spot

Starting offer: \$500

BIN: \$700

Accepted Payment Method: Bitcoin

End date: 12/10/14

Description: You are bidding on a leadership spot into the official Hackforums group "L'appel du vide." This spot is a lifetime spot until the group is sold. If the group changes but does not change ownership, you will still have your leadership spot. You will only be kicked if you break any rules Hexicidal tells you to follow.

Any other questions feel free to pm me.

Hexicidal - November 22, 2014, 7:53 pm

Vouch for this user and his spot.

I understand his position and wish him the best.

Mahdy - November 22, 2014, 8:28 pm

My personal opinion from being in this group for so long, since the start of Void.

This is one of the best groups today. And Hex, has been one of the greatest group owners and friend. If you were to buy leadership for any group, you should buy this. Understand that Hex will make sure you understand everything and you won't regret it. Sad to see you stepping down Jason, but best of luck to you and your future endeavours.

zSerity - November 22, 2014, 8:32 pm

Didn't you just buy this from iKinky a little bit ago, why are you leaving so quick?

Some personal reasons explained to Hex.

Oh okay no problem, was just making sure there wasn't some specific reason - like Hexi beating you or something

Fox™ - November 22, 2014, 9:47 pm

Good luck with selling this, and good luck with your future endeavors man.

Wool - November 23, 2014, 5:44 am

I'd buy it if I had the funds to. GLWS, mate.

Bro? - November 23, 2014, 5:46 am

The last TWO times I bought into groups it didn't go so well.

That price is a steal! I might be interested, does omni have to approve you to be a (co) leader?

I just have to approve it by Hex and all is good.

b?xxy - November 23, 2014, 8:32 am

I will offer \$500 on this.

Let me know if anyone offers higher.

I would like to know if hex would see me as a good leader, and if he even want me as a leader, after that I will consider this.

Vouch for this, great group.

Aceman - November 23, 2014, 9:52 am

Tempted to bid on this myself. Unfortunately I don't really see any benefit to being leader in the group so I'll have to mull it over a bit more.

Jason™ - November 23, 2014, 4:01 pm

Still looking for offers.

Current offer is \$500 by boxxy.

Autopost - November 23, 2014, 5:52 pm

I'd consider it if I want kicked from the group buying in and following all rules.. Probably happen as a leader also

That's why the majority of us are super apprehensive about going on this.

Nonetheless, goodluck selling this spot Jason, you were a good leader.

Nonetheless, goodluck selling this spot Jason, you were a good leader.Well I'm not worried about Hex kicking a leader, he's always been good about that. There have been leadership spots transferred in the past and he's never done anything against those who purchased the spot besides treat them with the appropriate level of respect. They have their say in the group and Hex will hear them out as much as the other leaders.

Ulysses S Grant™ - November 24, 2014, 9:56 am

I might be purchasing this so hold it for me please.

Roger Waters - November 24, 2014, 10:10 am

Tempting.

Nah.

Good luck with everything, OP.

So can you sell spots as a leader or not? Or is it a luxury item as Vinnie calls it.

You can invite friends and stuff yes, just don't go overboard with it.

The group doesn't sell spots currently, but that does not mean it never will. I wouldn't expect L'appel to ever sell spots but if the group were to be changed you would possibly be able to in the new group. Hex keeps all his leaders throughout group changes such as when Void became Nexus and Nexus became L'appel.

Kosmos - November 24, 2014, 1:26 pm

Vouch for this user. I wish I had the money to buy this spot. This is a great opportunity and position to have. Every second I was leader, I loved it all. I would do it again.

I feel like any time you're given the opportunity to mention you once lead the group, you take it.

I feel like any time you're given the opportunity to mention you once lead the group, you take it. I felt like that was a bit unnecessary. Kosmos was actually a leader in Nexus (the group prior to the change) and had to sell his spot to Ty because of real life circumstances. It wasn't very long ago that Kosmos was indeed a leader of this group slot. ?

Kosmos - December 2, 2014, 4:12 pm

I know Pali was messing with me, no worries Aceman. Thanks for having my back, though, hahah. I was given the spot as a Christmas gift when the group was Void in 2013. I was leader during the transition to Nexus and had to sell my spot in order to get a few credits for school (had to buy a laptop to finish a few classes), and it did help me. I will be graduating in February or March because of Hex, pretty much. I thank him every day when I wake up. NO, that's creepy as fuck, but I am thankful.

Jason™ - December 2, 2014, 6:28 pm

Looking to get this sold. Anyone interested just send me a PM.

Vodge - December 4, 2014, 12:50 pm

it's stupid as fuck that being a leader in a group has turned into some commodity you can sell to someone else whenever you want to, i much prefer other groups' stance with buying leadership being permanent

would be better if nobody was selling leadership spots at all but i guess we have kosmos to blame for it in void

Jason™ - December 6, 2014, 7:23 am

Will let this go for \$600 BTC right now if anyone is interested.

Jason™ - December 7, 2014, 7:02 pm

This is being sold tommorow unless I get a higher offer.

Realizm - December 7, 2014, 9:07 pm

Nobody make an offer, a really cool guy isn't buying this but instead I am. Off to find an exchanger I go ?
