Thread: [Nominations: November 2014](#)

Froggy - November 24, 2014, 5:12 am

Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month nomination thread for November 2014!

Member of the Month is a competition that awards one special member each month for their contributions throughout the community. Every member has the potential to win the award, but the final decision is made by the combined efforts of the user base and forum staff. To learn more about how the competition works, [click here](#)!

This is your chance to determine who gets placed on the poll. You may only nominate one person per month, so make your nomination count! To nominate a member, all you have to do is follow the guidelines in this thread and post your nomination as a response. [\[Infected\] Probably Ratted might solved it](#) by [Xero666](#)

To this add every threads in the [Malware, Virus, and Rat Removal Help by MRT](#) section that were handled by ven0m.

Reason: ven0m really deserves to win this month MOTM, he deserved that title since the day he starting helping actively in the MRT. We all know that before ven0m came around, Paradoxum was single-handlely taking care of the MRT by itself and it was most likely tiring. Then ven0m came around and started helping Paradoxum with it, splitting 50/50 with him. When Paradoxum was away or when he's unavailable to assist on HackForums, ven0m handles all the threads/logs. Doing malware removal in the style of the MRT is a lengthy and complex process, it takes a lot of time and dedication, which I think ven0m showed through the last months with his implication within the MRT. Therefore I think he deserves to be nominated as a MOTM concurrent and also to win that title.

Reason:

I've known Coppersan by both Starbound and Marcellow, though it wasn't until recently that I realized that they were all the same person. Coppersan takes the time to go above and beyond to share their knowledge and experiences with the entire community. They help without the need for recognition, or compensation. If anyone deserves MOTM, I'd say it's Coppersan.
