Thread: [\(Giveaway\) Giving away Horizon Diamond account! \(Giveaway\)](#)

FormA - November 25, 2014, 3:59 am

Nothing valuable to giveaway, so the first person to post in this thread gets it. This is a Horizon account with diamond membership allowing users to mod their Xbox profiles and games like never before. The membership runs out in roughly a month, but hey--free paid modding tools!

First Ub3r/L33t to post in this thread wins. After you post (winner), please PM me your e-mail so I can get back with you regarding your new account. (email because my post count is low)

Good luck!
