Thread: [Need to disable Onclick Play/Pause on YOUTUBE PLAYER](#)

Numinous - November 26, 2014, 10:30 am

Well I disabled all the controls like Bar, Buttons, Volume etc but unfortunately i want to disable onclick mouse play/pause
Please help me

i'm using IFRAME Youtube embed code

redpenguin - November 26, 2014, 11:03 am

just put a transparent div with a higher z-index on it

Something like this: <http://jsfiddle.net/y9pakb8t/>

Try to select the text, (you can't)

This does what you want in chrome. I also PM'ed it to you

You might be able to contact the dev to get the source code or use it for what you need

You just need to add: pointer-events: none;

Here's the demo: <http://jsfiddle.net/y9pakb8t/3/>
