I have no graphic skills what so ever. But I would like to point out this thread design is pretty pleasing to me.

I have no affiliation with Cow what so ever.

Wow cool mate. Very nice thread design. You're good at typography

Cow is great.

He is currently working on a thread design for me but even in the early stages of the design I could tell it was something special.

Probably because Cow is.

His work is very different from what you see around these parts. Just leaving this vouch, hoping that others take advantage of his awesome skills like I am.

I like the style, at first I was scrolling and thinking 'seriously', then as I saw the creativity and legibility, I thought. Damn, that's brilliant!

Vouch for cow. He is really good at what he does.

The thread looks nice and clean.

May I ask your prices for just a sig?

Your design looks great although I've seen it somewhere else (If I'm not wrong on Basquiat's "spare change" thread). Keep up the good work !

And thank you.

You do free work at all? I really need a thread design done, I might even be able to pay you back later on. :D

Cow is the greatest.

He is a great designer and loves to do it.

I'm so happy that we were able to work together and get this deal done.

Even though, I made Cow wait awhile for payment.

Hopefully, we can work together again in the future.

Thanks Bas. It was good working with you. I had to wait quite long for my payment but nevertheless I got it with some bonus. ?
