Thread: [python google and bing dork scanner](#)

SIM-2339042 - December 1, 2014, 6:01 am

Hello! I need python google and bing dork finder. If someone has it please can you post it here? I need it fast. Thanks. :)

Powa. - December 1, 2014, 6:56 am

Wait, you want something that returns google/bing results based on a dork, or you want something to find dorks?

SIM-2339042 - December 1, 2014, 10:28 am

Something that returns results based on dork,preferably if it outputs ot in .txt file.
Do You have it? :p

Lel, Couldn't find it. Thanks for help! hehehehe

Mouse? - December 2, 2014, 6:58 am

You mean to say "Didn't look for it*" ftfy

SIM-2339042 - December 2, 2014, 12:16 pm

I was looking for it really. Just couldn't find.. damn :P
TEEEMOOO! SHROOMY!

TEEEMOOO! SHROOMY!

You missed the first google result?

Hooded Robin - December 4, 2014, 9:44 pm

Here is one I wrote that uses google, google api, bing & bing api, ask.com and has options to run through all or one at a time as well as several options for testing:
