(Jun 17, 2014 09:58 PM)Tick Wrote: [\[CITE\]](#) I purchased this method when the previous seller sold it and my do I have to say, it is amazing. I made a nice \$854 from the method in less than 12 days once I purchased it. After I got the Bitcoins, I later exchanged it to PayPal so I can withdraw it to my bank so I can get it in cash. The beginning of the method is fairly simple and easy, you will get all you need in the bundle to download upon your purchase, you will also receive other cool methods within the .pdf file, and you will be able to start the income in a day or 2, which was the case for me. I am very glad you are only selling 10 copies of this so the method doesn't get out, I received amazing support. I highly recommend this method for those wanted to hit a huge BTC amount milestone. 10/10. Good luck soccer, best wishes.

I'm interested however I want to see solid proof that this works and also solid proof that it doesn't involve blackhat retardery like bitcoin wallet stealers and shit. After seeing valid proof then I'd likely buy it.

**Soccer** - December 3, 2014, 4:00 pm

I am not giving any vouch copies out.

It is \$350 a copy

I've only sold 7 copies. As I limit it to only sell 10 copies.

Method wont be saturated due to the number of people who have access to the method.

I can show proof of my earnings over Skype screen share or Join.me, ill show you transactions of thousands of dollars coming and going.

There is no blackhat involved in this. Its in the border of Grey hat... You can choose which path to take.

And there is no bitcoin stealers involved.

**Biosade** - December 6, 2014, 2:52 am

It's a really clever method that I used to use. I will show you my earning from it. 7 people have purchased it, 3 copies left.

By selling it, I can make more money maybe?

Plus, I have no free time on my hands
