Peanut Butter - December 2, 2014, 6:58 pm

My votes:

Toradora
Soul Eater
Spice and Wolf
so we can only vote for 1/2 an anime right?

Gladly - December 2, 2014, 6:58 pm

Everyone take part, last AA night was fun!

My votes go to:

K-On!
Spice and Wolf
Kore Wa Zombie Desu Ka
Trigun

All of these shows have pretty good dubs too. :p It's not on the list, but watching Durarara would be pretty cool.

No poll.

You can only vote once for poll so it's useless, that's why it was re-done.

Plz vote for Oni Chichi ty.

So many people voted without reading the directions posted in the thread, so I decided that this would be a much better approach.

Nine - December 2, 2014, 7:22 pm

I vote for:

Kyoukai no Kanata
Trigun
Toradora!

Better not start off with something boring like last time.

CCBM - December 2, 2014, 7:29 pm

Toradora!, Sakurasou No Pet Na Kanojo (Why is this not nominated?), Oni Chichi (This is a good hentai...)

Sorry, votes can't count toward shows that are not nominated.

Suggest the show after the scheduled shows finish playing. Chances are, especially with that title, that it'll be played. :)

Hey Dragon, how cum hentai isn't (wasn't?) allowed? Do you not want that content on your site or are you secretly afraid you'll give in to your lustful desires as you hear all of us "enjoy" ourselves?

In America it goes by state, theirs no federal age of consent.

Also, just to make sure because im curious(I'm not a pedophile I pinky swear....) what gender is Tweety? This might sound like a pedo question but I've seen people talk to her like she/he could be a girl but girls dont exist on the internet.

No. States have different ages of consent in America. I'm 18 and could bone a 16 year old sophomore. (Not saying I would...or wouldn't.) I just couldn't film it because that would be CP.

Anyway. Will there only be a chat or will someone setup a skype call or Team speak for this?

You could film it. You just wouldn't be able to show it to anyone. Also, I believe if the person is old enough to consent on knowledge not based on naivety, then sex should be allowed. No matter the age.

@firewerks. They have this law since an older guy can easily convince a 16 years old to have sex with him. The younger have less developed brains were as to t he older have experiance.

That's where I draw the line. I would never persuade the other party to have sex with me. Then, that would also be considered sex. If both parties truly love each other and both parties consent. Then I don't see a problem with it. No matter the age.
