It looks neat and reasonably priced. What do you think?

Scarlett Johansson - December 3, 2014, 12:03 am

eh for 99 bucks you can get something a bit nicer

windir - December 3, 2014, 12:03 am

Thats reasonable? damn, i should be spending more on my rig, especially if THATs reasonable.

Achievement Hunter - December 3, 2014, 12:06 am

Can you guys link me to another one thats better worth of \$99 or lower. Thanks

Too be honest, what your looking for is one of the higher companys equipments.

Try looking in Steelseries

Razer

* PC World {If english}

Im not into that over-rated, over-used, high ass shit lol.

Not saying its bad, but im looking for something different.
