No spoilers here, so don't worry.

Def. one of the best romance, slice of life animes I've seen in quite a while. Highly recommended to anyone who's into those genres! Anyone else agree?

Bezo - December 4, 2014, 5:08 am

I think it's great but not one of the best imo. Just a question, have you finished the series before I start talking about it?

tweety - December 4, 2014, 5:12 am

Hell yeah! Definitely on my top 10. The RomCom is just perfect, it had a nice and serious story as well as that kick back slice of life. Oh, and it's good. Definitely something I'd recommend to anyone.

on my other post? nah. i left off at when banri got a summer job. i started watching it around july, and i stopped watching anime for a while and i just continued off a few days ago and marathon'd the rest. it's not THE best, but it's one of my favorites. a lot of drama, character development and all that good stuff.

iMew - December 4, 2014, 5:31 am

The entire ghost thing was terrible but aside from that it was really nice and enjoyable, definitely one of my favorite romcoms.

Taiga - December 4, 2014, 5:34 am

the ghost thing was eh to me. i can understand why its there but he was fucking annoying

Liked it aswell but the whole ghost thing was just stupid and didn't really make sense. I get why they did it put I think they could have come up with another solution.

VYKTOR - December 4, 2014, 6:55 am

I definitely agree with this.

I saw it just a while back & loved it.

The girl is so so nice.

Tada Banri was good to.

Definitely one of the best. If you hate it, probably because you're criticizing instead of enjoying what it has to offer. It's not a big name anime or anything of the such, but definitely has the qualities that make it great.

Ghost thing was terrible af. But I did like it so no it's not one of the best but it's favored by lots of people.

QuickMan - December 5, 2014, 5:26 am

The best one, if you did not watch it before - you need to watch it now.

jacked up on coffee - December 17, 2014, 7:32 am

I really liked it, watched it when it was still airing.

I just really didn't want him to go for Linda. Glad he didn't.
