I'm offended by that list. However nice team.

-peach official plague of server.

c x y k - December 4, 2014, 12:15 pm

boop boop boop boop

This just reminded me of the damn HackerCraft repo.

Once mein HDD is working I better start on the damn plugins.
eugh.

Fish - December 4, 2014, 1:46 pm

i think you should add peach to that list

Robust - December 5, 2014, 10:34 am

At the moment Peach wants to play with his Faction. If he wants his staff position, he has to leave.
Told him that BTW. He's a key in HC's time though, regardless.
