I really hope someone with power to ban him like omni see's this :(

Dark is repfucked on these forums, he's been banned for 1 month AND has a open scam report ON A SEPARATE FORUM!

I cant nagative rep him because im only leet on hackforums, and nobody will probably care about my opinion because he is more known than me here, but i seriously hope someone can do something about this, its people like him that ruin the community. I even begged for my account like a dumbass cause i wanted to get money to buy presents for my family, what a scumbag.

c x y k - December 7, 2014, 11:18 pm

It's your own fault for dealing with somebody who has scam reports open.

Cashing - December 7, 2014, 11:19 pm

If I would've known about the scam reports prior to doing the 'deal', i would have never done it

c x y k - December 7, 2014, 11:21 pm

In that case, it's your own fault for not checking in the first place.

Cashing - December 7, 2014, 11:22 pm

No matter what I say, you'll probably just say its my fault regardless.

It happens to everyone, I guess I just slipped, he had nearly perfect rep on the other forum so i trusted him

c x y k - December 7, 2014, 11:23 pm

He also had scam reports on the other forum.

Your fault.

Factor8™ - December 7, 2014, 11:30 pm

Cashing - December 7, 2014, 11:33 pm

He got banned until 12-21-14. So basically he got banned for 2 weeks.

XeX Menu - December 7, 2014, 11:45 pm

What they said.

Still sucks you lost out on things but you should consider yourself lucky that he got some kind of consequence on here since most people get away scamming without anything happening.

Just be more cautious from now on, best to follow some basic standards. I know that feeling and you just have to learn from it and move on.

Cashing - December 7, 2014, 11:47 pm

your post honestly made me feel better (no homo). Really appreciate the support the community is

giving, sucks that it happened because i wanted to buy presents for my fam this year, but at least i learned from my mistake now. not happening again

lurkerjosh - December 8, 2014, 8:14 am

I'm a multi and staff know this. This was my lurking account, which will be banned and I'll have to make a new one after this. So don't waste your time accusing me of multi accounting please.

You read the whole thread in 1 minute? OK... how about you quit post boosting and actually contribute something or go to the lounge. You look like a retard just stop...

Thread=4562099&pid=43713621#pid43713621 (can't post links smh)

Again, didn't even read the thread because tibit pretty much admitted scamming. You probably didn't even read op lol.

It's not that there are not usually consequences. Omni reasons (based on the posts I've seen on the topic) that if he bans each and every scammer they will just multi and do it again. If they have the same account people know to be weary. I personally disagree with his reasoning but that's irrelevant. And I agree in you saying that he's lucky Factor8 responded on this thread.

ps: I've tried messaging you on skype Factor8 about a transaction, hit me up soob :)

Anyways the community on this site is excellent when it comes to deal disputes. They are often helpful and are excellent at resolving them. I regret getting banned and have attempted to speak to omni to get back on site like mapl3 and the Don killuminti but haven't succeeded. Oh well.

In regards to the report: saw his community warning on f k, he's an idiot. He's a huge scammer and ban evader on this site. His past uber scammed over 1k before being banned, I tried reporting him as a multi to staff via contact form but nothing happened. Rip. This report is incredibly legit. If you are having difficulty pulling back the gmail send me a pm if I'm not banned yet with an offsite contact and I'll help. If not, post in marketplace discussions and ask for help. I guarantee you will receive assistance. Good luck getting it back. And in regards to your f k report, the admin there is an absolute idiot and if dark isn't banned I wouldn't be surprised. Peace fuckers. Merry Xmas. Sorry if anything is misspelt I'm on mobile and autocorrect is the rng of typing :/

Ps: viral dragon, if you read this post from the report like you usually do, hit me up on skype more :p

makemoneyOnline - December 8, 2014, 7:24 pm

HF is going down the drain notice all the scams before christmas it seems all the little 17 year old boys do not have money so they need to scam right before XMAS hahaha so pathetic lets go make a new forum and call it SuperHackingForums and have UB3R be \$99.99 ;)

Banana - December 8, 2014, 7:32 pm

Alright \$250? Who the fuck would scam that literally 17 days before Christmas? The OP was probably gonna buy some shit for his friends and family with that and you just scammed him for that? Are you fucking serious? How low are you dude? How sad...

Riches - *January 24, 2015, 9:34 am*

wow, just saw this. never really seen a staff jump in on a scam report. thats crazy lol.

Obelixus - *January 28, 2015, 5:56 am*

Looks like a legit report. Hope it gets resolved.

Neal Caffrey - *May 24, 2015, 5:33 pm*
