Thread: [Adult Traffic + Adult Affiliates](#)

Eagle™ - December 8, 2014, 11:53 am

The method has been around for a while and I was really wondering if there is any cash to be made with this ? I am about to invest about 500\$ if you guys can convince me to do it. I would also like to know how much I would make per month at least.

None can tell you exactly, truth being said affiliate business is huge and has awesome potential but it all depends what you're actually going to do.

Eagerkid - December 8, 2014, 12:35 pm

You would be able to make alot of money if you actually put work into a site and get adult ads. You will need more than \$500 I would say to start off though

Rooter - December 8, 2014, 2:03 pm

If you get a good amount of adult traffic you could easily succeed in any adult affiliate program as long as it isn't complete junk.

XSilencer5 - December 8, 2014, 2:46 pm

Where are you trying to get Adult traffic from? I just spent money building a website on the Adult Niche also

Looking for legitimate ways to bring traffic. And where I can find good SEO services...

The adult niche will make lots of money mate and \$500 is nothing if you have a chance at making \$5,000 a month

if your website gets tons of traffic. Know what I mean? Well good luck to you. and yes, do it.

People make money out of adult industry, not invest

0\$. There's no guaranteed income from anything.

I make about \$20-\$50 a day on autopilot using Adult affiliates.

I don't see point of your reply

and also I have serious doubts about your statement as there's no steady daily affiliate earning.

Azraelstear - December 9, 2014, 4:16 am

EDIT: doublepost

2. I have serious doubts about your statement as NO AFFILIATE EARNINGS are steady on daily basis.

1. The man asked how much you can earn with adult affiliates, I'm just letting him know how much I earn so he has an idea on what to expect to earn.

2. I'm just saying I'm earning at least \$20 a day.

1. So you should wrote "you can make 10,000\$ a day" as there are people in adult affiliate biz that makes that amount of traffic.

If OP's question doesn't make sense, it doesn't mean he should get senseless answer.

2. I have serious doubts you know what adult affiliate is.

Fuck your adult affiliate stuff which is going to make cents or maybe dollars per day.. Look at one of my previous threads and look at the investment opportunities. You can work for a passive income which you can be proud to say it isn't by selling porno shit.
