Thread: [? Full NeoBux Guide ?](#)

Eolithic. - June 3, 2010, 10:48 am

[img]http://unetemexico.com/images/neobux.png[/img]

[NeoBux](#)

I know that this guide is almost needless but there's a lot of beginners and newbies who doesn't know anything about NeoBux and about PTC sites generally. So I decided to make this guide and help those users.

Legend :

- Q = Question

- A = Answer

Q : What are PTC sites at all ?

A : PTC is acronym for Paid-To-Click, and PTC sites are websites which offers you a service of clicking advertisements for money.

Q : And what is NeoBux?

A : For the most of online monetizers which earn their money over PTC sites NeoBux is the best.

Q : What do I need to start using NeoBux?

A : Nothing extraordinarily. You must register on their site, start clicking, and when you reach the minimum payout amount of \$2 you must have a PayPal, AlertPay or Neteller account for the payment.

What is NeoBux?

- NeoBux is a free worldwide service available in both English and Portuguese language.

Our service consists of allowing advertisers to reach thousands of potential customers by displaying their advertisement in our site and users to earn money by viewing those advertisements.

Our users click on the advertiser's advertisement and view it during the amount of time specified by the advertiser.

After viewing the ad, the user gets credited with a pre-determined amount of cash on their NeoBux account.

You don't need to pay us to start earning. So, now that you're a registered user, start earning money for free!

How exactly do I get paid?

- STANDARD MEMBERSHIP :

- Per click: \$0.010 (standard exposure) · \$0.015 (extended exposure)

- Per referral click: \$0.005 (standard exposure) · \$0.010 (extended exposure) = 4 advertisements daily.

- GOLDEN MEMBERSHIP :

- Per click: \$0.010 (standard exposure) · \$0.020 (extended exposure)
- Per referral click: \$0.010 (standard exposure) · \$0.020 (extended exposure) - 9 advertisements daily.

Refferals

- You can only have direct referrals after 30 days of being a user and having at least 100 clicks credited.
- But, you can also do renting refferals.
You can rent referrals monthly (30 calendar days) to work for you (this is not slavery... they win too). Just go to your account to do so.
The quantity of referrals available will vary depending on how many users registered without a referrer.
You'll only get referrals that have clicked at least 10 advertisements in the past 5 days.

If I want to advertise my web-site?

- Then you're in the right place. As an advertiser you will get what you pay for. We are different because we care about our advertisers.

This is what we offer you:

Advertisement Management

- You only need to submit your advertisements once.
- You can pause, resume or delete them any time you want.
- You may set a demographic filter or show to all members.
- You can buy clicks and distribute them by your advertisements.
- You access detailed statistics during and after your advertisement display.

Click Packs Management

- You buy how many clicks you need.
- You decide how many clicks go to each advertisement.
- If you decide to delete an advertisement that still has clicks left, no problem... you will get those clicks back in your account to use in another advertisement.

Demographic exposure

- Choose to show your advertisement to the world or just a few countries.
- Toggle the filter on and off and choose different countries for each advertisement.

Anti-Fraud Protection

- Your advertisements will be shielded by a strong anti-cheat protection.
- Clicks from hackers will never be accounted (but we may tell them they are).
- It was never so easy and secure to advertise and manage your advertisements.

ps. Sorry about my bad grammar, English is not my native language. :) I hope that this guide helped someone. ^^

it's a nice little guide man ;) thank

Sky- - June 3, 2010, 11:09 am

That is a nice guide. Must have taken a little while ?

Eolithic. - June 3, 2010, 11:09 am

Yeah, thanks for the comments guys. :)

cyberpope - June 3, 2010, 11:59 am

very nice guide, would sign up under you if i havent already been a member

Good "Guide", but don't give yourself credit when you just COPY/PASTA the NeoBux FAQ.

Eolithic. - June 3, 2010, 1:43 pm

@cyberpope - Thanks mate :)

@ragalshnagal - I mixed together something from my knowledge and something from NB Faq, and I think that credits are mine. Deal with it. :)

Skittles- - June 3, 2010, 3:41 pm

@ragalshnagal he wrote most of this, so stop complaining...

ontopic: Nice little run through. Well done and nicely presented. :)

Bug Senpai - June 3, 2010, 4:26 pm

I appreciate him taking the time to make this thread, but no, he didn't "write" most of it. All he did was change the color + font of some things, and removed some sections of the Neobux FAQ section.

Shall I link you to the Neobux FAQ section?

Entrepreneur - June 3, 2010, 4:31 pm

Thanks for this guide, i just joined today.

Eolithic. - June 3, 2010, 11:28 pm

@Skittles - Thanks, man. I hope it helped to someone.

@ragalshnagal - Man, stop being an annoying ass and if you want to complain please - you know where you can GTFO ??,

@Swagga - No problem, dude. Enjoy in NB ;D

Eolithic. - June 4, 2010, 5:00 am

121 views and just 10 feedbacks?! I'm sad :(

Eolithic. - June 4, 2010, 7:06 am

EDIT : 137 views.

Bump?!

Anubis - June 4, 2010, 7:07 am

thank you for this =D Could read it ,,,,

Eolithic. - June 4, 2010, 7:46 am

No problem mate. Thanks to you :)

Eolithic. - June 4, 2010, 10:17 am

C'mon guys and comment it. I'm happy when I saw your feedbacks. :)

DeadlyCrash - June 4, 2010, 2:02 pm

Pretty good for new members i guess

Offtopic: You having multiple posts on this page (avatar) is giving me a headache

shitsite - June 4, 2010, 11:16 pm

Most of this is just copy/paste the support/help

Eolithic. - June 5, 2010, 2:21 am

KillerX3189, yeah, mostly yes, but something I wrote. And on the end, no one did it before. :) I gathered that, and compile it in the little guide through NeoBux for beginners. ;)
