Sexyperson99 - December 13, 2014, 3:41 pm

Just wondering, but are you able to sell the cards or Dota 2 items on this account?

Cr1p - December 13, 2014, 3:41 pm

Be sure to limit your trade offer items to <6 skins. Some people sent me trade offers with 10+ skins/cases.

Go ahead and send a trade offer for them.

OP is legit. I only took 2 CSGO items. Can I ask for 2 more Dota2 ?

Hi, OP:

I cannot trade with you, as I keep getting an error. Thank you for providing this, but this error is quite consistent so I think I may give up. Once again, thanks anyway!

Vouch for this user!

Keep trying - it may be because people are taking the items that you are requesting before you can make a trade offer.

I just checked, they're all still in your inventory. Strange.

It happened to me as well. It was when I tried to trade in chrome. I fixed it by logging in on Steam program on PC and than trading again on browser. I'm not sure if it's same error but I got something (26)
