Thread: [cPanel server rooted](#)

Olivesd - December 14, 2014, 1:02 am

I've recently rooted server at colocrossing using c Panel.

720+ websites

If want proof add my jabber : cantseeme@crypt.am

Each sites get 5,000 views monthly.

OK - what's your point?

You need a partner, you bragging or what?
