I don't really enjoy safari anymore... FF chrome are good anyway

Slenderman™ - December 14, 2014, 3:27 am

Why the hell do you use 4 browsers?

Idk which one is better, i'd say a tie between FF and Chrome.

LanaDelRey - December 14, 2014, 3:43 am

Hate both Safari and Internet explorer, mainly use Chrome and Firefox.

IE6, 7, 8 are terrible

Evolute - December 14, 2014, 9:00 am

I use chrome. I don't really like any other browsers.

Rooter - December 14, 2014, 9:05 am

I use Firefox and I would personally say that Internet Explorer is horrible.

aguila - December 14, 2014, 9:07 am

I like internet explorer, hate safari, IE master race

tribal52 - December 14, 2014, 9:07 am

I really dislike FireFox. It just doesn't feel right when using it. So many stuff going on in that browser that might be good, but it doesn't feel right to me.

Either use Chrome or, internet explorer. Yes. Internet Explorer.

As I am no developer or anything, I really don't see the problem with Internet Explorer. It does a fine job in my opinion :).

tired- - December 14, 2014, 10:21 am

IE isnt that bad, addons suck though, so I use Firefox.

Well Met! - December 14, 2014, 10:23 am

Usually use chrome, but can google please fix the smooth scrolling I have tried everything to get it right. Internet explorer seems to render images at a lower resolution and it's bookmark bar is just ugly, but I would probably say I use it the most after chrome.

ZuGgY - December 14, 2014, 10:23 am

Like: Chrome and Firefox

Hate: Internet Explorer

Tyler the Creator???????? - December 14, 2014, 10:25 am

I really dislike internet explorer.... I wouldn't say I hate it but just dislike it.

Inkling - December 14, 2014, 10:26 am

Internet explorer is the worst, but Chrome is the best. :)

gstar - December 14, 2014, 10:46 am

Internet Explorer is probably the worst browser out there. I prefer FF or Chrome.

The Rage - December 14, 2014, 11:53 pm

what about IE 10 i think its not bad like older versions .

Telstra - December 14, 2014, 11:54 pm

I personally use Chrome, have for a fair few years now.

todd: - December 14, 2014, 11:55 pm

The browsers I prefer to use would have to be Tor and Google Chrome.

And of course, I really dislike Internet Explorer.

BITW - December 15, 2014, 9:20 pm

I Love and my most favorite browser is Firefox and my most hated browser is Internet Explorer.
