Can't wait for this. It's going to be awesome. :)

**Yuuko** - January 4, 2015, 9:30 pm

3 more days everybody, Let's prepare.

Fucking didly fuk.

Author had so much potential on his hands and he decides to make a trainwreck of 12 episodes on

first season and now lets see the second season.

I'm sure the second season will be a lot better. Considering that they're not following the manga they won't be in a rush to jam 70 chapters into 12 episodes.

**VYKTOR** - January 5, 2015, 2:34 am

I read some spoilers on the internet regarding this series &

Spoiler [\(Click to View\)](#)

trust me guys when they said it's gonna have an original story, they have lived true to their word. The difference in arc starts with the first episode itself with a major occurrence which never happened in manga.

Way to go Ishida.

**?Tet?** - January 5, 2015, 8:21 pm

This is my most hyped anime for what's airing right now can't wait!

**Esdese** - January 5, 2015, 9:10 pm

The hype is way too real.

I'm sooooo excited. Unfortunately Uni is starting up for me so I might have to postpone watching this.

**Nine** - January 5, 2015, 9:55 pm

Pretty sure it's because of then ending of season 1, from what I recall he's seeing that in order to protect people he needs to be strong, and he's not going to get stronger when he's at the cafe.

That Noro guy was ultra OP, like he faced Shu, Yomo & Uta all at once & just walked away like nothing happened. he didn't even attack them as if they were just some kids teasing him.

I'm happy that Kaneki got to the bad side now because his sadistic personality won't fit if he worked alone or in Anteiku. When you go badass you gotta be badass completely.

How in any way is it not like him after the ending of season 1?

**Proficiency** - January 8, 2015, 1:29 pm

I just watched the first episode, and all I can say is, wow.

Spoiler [\(Click to View\)](#)

The whole episode was hectic as hell. First the whole new prototype armor is a eye opener for me. I thought the detectives were going to be super duper useless and only use those weapons (Which I'm not a fan of...). The guy they were going against, the 'owl' guy was sort of a disappointment for me. I expected him to be more OP (Way more OP), but he still showed some of his power. To be honest, I think, emphasis on Think, that the owl guy might be the shop owner (The old guy).

Kaneki, omfgwtf. He turned too bad ass. Like, he gives no fucks now. Like, literally none. Do you see how effortless he fights now? He's my favorite character hands down in this anime, and the fact that he joined the dark side (Because they have cookies) makes me like him even more. The fact that the season started like this, I already know I'm going to be hooked.

The owl guy is the manager and owner of Anteiku, Yoshimura, which I thought was pretty obvious from the episode. Also, I don't really consider the Aogiri to be the dark side, they just have a different mindset and different goals the most other ghouls.

(Jan 8, 2015 01:56 PM)Nater Wrote: [\[CITE\]](#) How in any way is it not like him after the ending of season 1?

Exactly what I wanted to say.

Kaneki's attitude while fighting Jason was quite different in the manga than compared to anime.

Maybe you could call it more detailed or Kaneki not giving a fuck.

He was just too brutal & an insanely badass in the last scene.

What I'm trying to say is you get the chills & a feeling of something bad & evil inside Kaneki when he says, so "you don't mind if I eat you" with that twisted smile. After all that, I can easily accept that maybe the best place for a corrupt beast like him who has nothing do with weakness anymore is Aogiri & to tell you the truth with Eto's side.

I really like Touka x Kaneki but the way the story has progressed now.

I'm shipping for Kaneki x Eto now. ?

She is also an insane monster like him & has been through the same hardships like Kaneki so in a way she would understand him better than Touka.

No hate please :lipsealed:

Because he went crazy to survive not to kill people, he did what he had to do to survive and accept

He gets far more crazy later in the manga and by far I literally mean FAR MORE CRAZY yet doesn't mean he was bad, he simply did what he had to do to survive and most of the times its to protect those dear to him

& it's exactly due to this reason that TG manga ended in a tragedy with nothing being resolved in the end.

Well, I definitely don't want the same thing to happen.

The way TG root A is headed it gives me a code geass type of feel.

To finally resolve things once & for all, he must dirty his hands & for that he must be a part of the wrong side( assuming it is actually wrong).

Manga Spoiler [\(Click to View\)](#)

The One-Eyed Owl is Eto (Bandage Girl), the manager is not the real One-Eyed Owl since he has both of the eyes and he doesn't kill. He's just a cover for Eto. One-Eyed King isn't really known so far but the Owl and King are assumed to be the same person.

So I was pondering upon reddit when it came across my mind why they named this

Tokyo ghoul ?A

=> Tokyo Ghoul Root A

=> A = Aogiri

Root as in root from a tree like Aogiri

or a pun for route.

so

Tokyo ghoul ?A = Tokyo ghoul route Aogiri or Tokyo Ghoul Root Aogiri Tree.

So that solves the mystery of the name I guess.

There's a scene in the anime where you see a doctor ( doctor Kanoe-- the fucking guy who operated on Kaneki & made him a ghoul) standing with two girls wearing a mask.

Tokyo Ghoul is just that good.

The manga won't disappoint you but now that this season has begun to air you should read it only after this finishes as I guess the manga will always be more tragic than the anime.

Just wondering, the girl in your avatar is Rize right with the ghoulish eyes.

One more thing, how many of you here ship for Eto X Kaneki as that possiblity is quite high in this arc.

I mean Eto is quite similar to Kaneki in a lot of ways & she was even checking him out from all different angles.

Maybe she already has a thing for Kaneki.

Toukan shippers beware as Keto is quite possible.

I'm gonna change sides.

I want to see Eto X Kaneki.

There's only 2 one eyes ghouls.

they are irrelevant.

1 is Eto (confirmed)

the other is Kaneki.

There's no other One eyed ghouls that are relevant or spoke about before.

PS: Eto is both One Eyed owl and one eyed king (leader of aogiri)

I really don't know why people feel so bad about the opening sound track. It was already a given that the new OST would be no where near Unravel as that was too good.

Ling Tosite did both TG & Psycho Pass 2 ost & they were nice & when I heard that they won't be doing an OST for root A, I took it for granted that the new OST would be bland & boring.

As long as the story is nice, who cares about the OST.

I don't think they're following the manga because it made the first season pretty trashy. They had to fit 70 chapters into 12 episodes last season. However, this time around since they're able to do it without rushing, I think it'll turn out way better. As for the opening, I like the art but can't tolerate the song. She's the real insane one-eyed ghoul & her bonding with Kaneki can be interesting as he already admires her in the form of an author.

Nope, she is rather interested in his personality I think.

Kanou's working with Aogiri so she must have known about the procedure of him becoming a one-eyed ghoul.

What is more interesting is how far he has come from that.

He is become very powerful.

Just finished episode 2, seems like it will be better than season 1, Touka hot as fuck as usual, want this Kaneki x Touka to happen. Else 7/10 incoming >:O

Also, these Akira scenes are 100% manga copies, I wonder how "original" will the ending be... I'm scared boys... Autismo-san has appeared too...

**Kiyoshi** - January 15, 2015, 2:18 pm

Well, ep2 wasn't really that fun to watch. A lot of build up at least.

I guess the best scene was the last scene. " Kaneki-kun, ka? " - And the smile at the end.

**Bezo** - January 15, 2015, 2:23 pm

So I'm guessing that Kaneki is on equal standings w/ Ayato in terms of being a commander in Aogiri?

Hehe, it could be a tough one.

I have a feeling that Kaneki would have to choose between Eto & Touka in the future that's when it will be finally resolved if it's Touken or Keto.

But I'm all for Keto because

there's been no action at all from Touka. She's become too god damn cute & her badass style has been brushed aside. That's a real downer for me.

I only love insanely bad girls & right now the only girl fit for my boy Kaneki is either Rize or Eto.

Since Rize is not here, I'd love to see Kaneki x Eto which is mostly likely possible due to the last scene of episode 2.

Spoiler [\(Click to View\)](#)

Not a fan of the pacing yet again, I thought they wouldn't make the same mistake as in 1st season. Route A was supposed to be straying from the manga but so far everything is the same, just that he joined Aogiri instead of starting up a group. So a few slight differences here and there because of this.

I prefer Kaneki as a human willing to accept his ghoul side sometimes rather than a ghoul willing to accept his human side rarely. Right now he's just completely changing into a different person in a small amount of time. Amon needs to beat his ass some more, I want kuroneki back.

That bad censoring is appearing more. I thought there'd be a difference since it airs at midnight but nope same old same old.

In all honesty, I think this anime is turning way too generic.

I guess I'll read the manga just because everyone is saying the anime is skipping way too much.

Eh they had a lot to fill, so far within 5 episodes of Root A, they already went through with half the manga as far as Arcs go, with mixing a few Arcs together. Regardless I think it's going to end the same way in the manga or at least reference off it. But as of now there isn't really any deviated plot at all lol. Kaneki joining Aogiri just saved all the trouble of explaining a lot of things in detail and rather just cut to the chase.

People shouldn't really expect a crazily deviated plot from the original manga adaption, because it just ain't gonna happen lol.

**VYKTOR** - February 13, 2015, 10:35 am

Give me more of Kaneki already God Damn It.

Is this Tokyo Ghoul Root A supposed to be Tokyo Ghoul Root Amon or what??

Like fucking hell 6 episodes in & I've hardly seen Kaneki for more than 5 minutes.

I get it he's become quiet but can't you even show us some soliloquy or has his brain got too much fucked.

Character development my ass if the main character is being ignored like this.

I only wanted to see season 2 because of the hype of last season & what Kaneki would do next but all I get to see is random shit.

He fights with Shachi all of a sudden, then goes shit insane, attacks Shinohara but doesn't fight back Amon.

All of his character development of season 1 has been smeared to pieces in this first half of season 2.

Right now it's on a huge decline, ain't even good anymore, if that theory about Kaneki carrying Touka is true, then it brings back all the hype lol, but still it's so awful as it is now.

0 character developement yet everyone is coincidentally super close with each other. Tsukiyama comes out like a dumped gf and didn't even interact with Kaneki once ever since he kidnapped Kimi.

Still gotta love Tsukiyama, beautiful scenes of major galore.

I don't know why but I feel that body he is carrying could be Eto or Ayato too.  
Touka coming there makes a great difference & I'm expecting the following.  
Spoiler [\(Click to View\)](#)

Touka vs Amon or Akira  
Kaneki vs the two investigators currently fighting the Black Dog & Devil Ape.

What I'm really hyped about is that  
Spoiler [\(Click to View\)](#)  
unlike the manga Eto saved Kaneki from the CCG at Cochlea so if push comes to shove & Arima ends up overpowering Kaneki then she will interfere & save his ass rather than letting him die.  
& thus she could become the girl in the cover.

**Esdese** - March 5, 2015, 11:49 am  
Super fucking hyped for next weeks episode.

And I get the feeling that the person he's carrying in the cover will be Hinami, cause she make go after Touka when she realises she is gone. Cause I mean hinami has grown in size and aged up, either that or Eto/Ayato

I just want the whole of Aogiri tree to come & crash this CCG raid & after that Aogiri & CCG fight & obliterate each other while our pals at Anteiku can safely open back shop again & live in peace.  
But that's the last thing that will happen here.?

Pretty good episode but very disappointed at the same time. was hoping Root A would put more focus on something else.

Spoiler [\(Click to View\)](#) I'm just gonna sit in the corner slowly crying as Uta gets completely left out of an entire series that exists because of his own intentions. I understand that there is more to the series than just Uta's involvement with Kaneki becoming a ghoul, far more, but I would have expected far more inclusion of him into the series, especially since Root A was advertised as a different direction than the manga took. I was really hoping this would be a bit more Uta involved. Oh well, we'll see what the manga ends up bringing and see how that impacts the anime I suppose.

I think we need to know a lot about many other characters.

Rize, Kanou & the one-eyed King, Tatara, Noro there so many mysterious characters that it just feels .

Have to agree to that.

Eto is maybe the most strongest character in TG series inspite of the fact that Arima fought with her on equal footing & injured her a bit but let's face it she still is a ghoul & he's a human.

Other than that, I love the insanity these half ghoul kakujas bring.

My statements about Uta have little to do with my preference towards him. If you have read the manga or have read spoilers you know how important Uta is to everything going on. I understand there is still so much left that still needs to be written so maybe ultimately he will take front stage of things and become a primary focus but it's somewhat disappointing to have had a reveal like we did at the end of the original manga with little to no relevant follow up until recently.

Additionally Root A was expected to be a different route which led many people, myself included, to see a lot more inclusion of Uta as a primary figure throughout the season.

Again, I know there is still a lot left both in the manga and presumably the anime assuming it continues, probably more left than any of us can realistically predict.. but the pacing around Uta and

his 'screen time' is a bit disappointing to me.

Spoiler [\(Click to View\)](#)Because the atmosphere around Arima in the manga makes him seem like a grim reaper, something the anime didn't do a very good job at, he is literally portrayed as a god, untouchable and feared by everyone and despite being enemy with kaneki I can still feel some sympathy towards him.

Don't get me wrong I really really like Kaneki too, it's one of my favorite MCs, however I still prefer if Arima killed him, fits the story a lot better if the anime followed all the details in the manga, I don't like anime because they have happy endings, I like anime because they have a coherent plot and a consistent pace / good ending (good != happy end) something the manga did very well. Well this "root" A so it could be like route, which mean there might be a "root" B, unless root was going for Aogiri.

They butchered a good franchise. So many plot holes, and such awful animations.... I love TG but I honestly can't see it do well enough for them to make a 3rd season. THEY EVEN MESSED UP ARIMA'S CHIN, he got 12 seconds of a 12 episode season and had no dialogue either lol.

I'm pretty sure it has been confirmed that it stands for Aogiri.

Aogiri is spoken as "Aogiri Tree" hence "Root A" > Reference to a tree and A of Aogiri

It's hinting towards :RE for sure if you saw the last 10s after the ending song. I think there's a confirmed OVA but not sure which one it's about, either JACK or the one with Juuzou. I'd honestly hope that next season comes out after 2015 spring charts so that the anime can keep up with :RE.

Because the budget was so small that they thought that giving lines to Kaneki's script would be too much.

I think it's more for a dramatic effect than anything.

I don't think it's realistic that a bunch of CCG people went into Anteiku, put the place on fire, while Kaneki ignored everything going around him. Also, it seems like Kaneki didn't even move so I doubt he would put it on fire.

**St0rm** - March 27, 2015, 9:37 pm

I didn't like the first season due to poor and rushed character development.

Second season had the idea.. sort of. And then everything just went to shit

Animation sucked, development sucked more, things were messy and out of order. There was like one goodish fight and it was so short lived. Hell, half of the people watching had no idea who he was until 2 episodes later. (I mean we had an idea) That ending made me sad though.. it just killed it. :/

Going to read the manga and see how different it really is.
