Thread: [Webdav Vulnerable sites](#)

Soundrone - December 15, 2014, 5:18 pm

are there any webdav vulnerable sites out there i need only one if soeone can find one for me

WillHackForPizza - December 16, 2014, 3:21 am

WEBDAV was old when I started lol. Must be getting super rare to find any high traffic sights still effected.

Sakuto - December 16, 2014, 3:22 am

No one is really using this kind of editor, why do you need this sort of website?

Soundrone - December 16, 2014, 7:08 pm

hey this website is vulnerable <http://finance.cedare.int/> feel free to destroy it.

Aakash Choudhary - December 16, 2014, 8:57 pm

Why u said about destroy it brother.? Please help Developer to make security in site not for destroying.

I am also injector but never deface till now
