Thread: [\[FREE\] Boosting Silvers/Gold-Novas \(Legit Global Elite\)](#)

CheGuevara? - December 16, 2014, 7:52 pm

Welcome fellow Counter-Strike brother!

I've been seeing many threads lately regarding boosting and how to get out of certain ranks and what not. Well, I am here to help you now.

I'll be boosting Silver/Gold accounts. I don't know which rank you'll gain. It all depends. But I can promise you, you will get much more wins. And probably a few rank ups. (Depending on how many I deal with).

So silvers and golds, if you need help don't hesitate to contact me. And I can even do two accounts at the same time now. My friend I know in "real life" will be helping me with this service. He is like me, a real stand up guy. And a Global Elite as myself.

This is completely FREE! However if you feel you want to donate me a skin, I wouldn't say no! But I am NEVER going to ask for anything.

All I want to do is help you guys get out of silver. Because from what I have read, it's a pretty unfair system.

I've dealt with many users so far and no troubles at all. I've been using peoples account's with high valued inventory's, I haven't touched a single skin!

One guy I actually took from Gold to Supreme, he is very thankful. This doesn't happen often though, but it could happen!

I will not play with you using my own account. I will play on your account. If you however have a second account, you are more than welcome to play with me!

I can also give you ideas and tips on how to improve, just ask and I will do my best to answer you. ?

P.S: This is 100% without any cheat's, without anything that could be harmful to your account! This is as legit as it gets.

Dxzt - December 16, 2014, 7:59 pm

What about Nova's or Master Guardians?

CheGuevara? - December 16, 2014, 8:05 pm

Sure Novas are allowed. Master Guardians are boring so no, sorry <3

flAmingw0rm - December 17, 2014, 5:59 pm

CheGuevara is a legit player and friendly guy. Your account is safe with him, I am sure of that. Good luck!

Read the thread. It's stated in the topic. Why do you need to re ask the question?

CheGuevara? - April 16, 2015, 10:34 pm

Hi guys. Been really busy. But I have managed to help like 15 people and dealt with real life.

I'm back again. And I can now do two account's at the same time. (My real life friend will use one account) and obviously me one.

So don't hesitate if you need help.

Only doing Silvers right now because lack of time. - If you need this, feel free to post here and/or send me a PM.

I've been using peoples accounts with expensive skins on, I haven't touched a single skin. They can easily come here and vouch.

But I understand the fear. So, if that's the reason you wouldn't want this service - I suggest you

trade your expensive skins over to another account while I am using yours.

Have a great day everyone! - And please leave a reply in the thread to keep it alive!

If you have a spare account you are more than welcome to play with us!

I'm mostly interested in Silvers but Gold Novas are fine too. I'd prefer two accounts so me and my friend can play together on both.

You don't have to have two accounts it's fine. Hopefully another member wants boost too in which case I will boost them both at the same time.

Let me know if you are interested! As you can see I am legit. I have been Global since forever, nowadays its really easy to gain Global Elite..

So it's not much to brag about really.. But I was a Global way back! Have a nice day and please send me a PM if you have questions!

HF needs more people like you tbh. Do you mind screensharing and scrolling through task manager so we know you don't have any cheat injected?

Hello my friend.

I am interested in helping you out with your service. Please send me a PM if this is a possibility.

Thanks.

(Dec 16, 2014 08:52 PM)CheGuevara? Wrote: [\[CITE\]](#) Welcome fellow Counter-Strike brother!

I've been seeing many threads lately regarding boosting and how to get out of certain ranks and what not. Well, I am here to help you now.

I'll be boosting Silver/Gold accounts. I don't know which rank you'll gain.
It all depends. But I can promise you, you will get much more wins.
And probably a few rank ups. (Depending on how many I deal with).

So silvers and golds, if you need help don't hesitate to contact me.
And I can even do two accounts at the same time now.
My friend I know in "real life" will be helping me with this service. He is like me, a real stand up guy.
And a Global Elite as myself.

This is completely FREE! However if you feel you want to donate me a skin, I wouldn't say no! But I am NEVER going to ask for anything.

All I want to do is help you guys get out of silver. Because from what I have read, it's a pretty unfair system.

I've dealt with many users so far and no troubles at all. I've been using peoples account's with high valued inventory's, I haven't touched a single skin!

One guy I actually took from Gold to Supreme, he is very thankful.
This doesn't happen often though, but it could happen!

I will not play with you using my own account. I will play on your account.
If you however have another account, you are more than welcome to play with me!

I can also give you ideas and tips on how to improve, just ask and I will do my best to answer you. ?
Pretty interesting im gonna pm you and chat!

No need at the moment, but I will send you a PM once I feel the need.

Thanks for the support! ?

And SATAN, I have replied to your PM. Looking forward to be helping you!
Have a great day everyone!

Can still do more. Just let me know if you are interested! ?

Still doing this. Let me know! Silver/Gold Novas, let me know!
Have a wonderful day!

So nice of you. I got placed in Gold Nova Master. As much as I want to be at a better rank myself, I also want to learn the game myself.

So as far as now, I'll just lurk around your thread for a while more before deciding on taking up your help or not. So nice of you to help HF members though.

Thank you!

That's a good attitude. A tip: download some pro player's POV demos and watch them through and think why they do this and that. Reason why I want you to think is because the beauty of good cs is in the smallest of details that some might not even notice. Some things they do don't make sense in MM though, because you are not playing vs proper teams. Also if you let OP play on your account, you can check those demos too ?

I'm currently boosting a member of HF, he is not allowed to post in this section yet though (fairly new I assume), he sent me a PM if you're wondering how I got in touch with him.

But next week I should be "done" with his boost.
I'm sure he will leave a reply here as soon as possible.

Just send me a new PM once you're ready and I'll be ready! ?

CheGuevara? - April 25, 2017, 9:06 am

I've got time to take on another account. If anyone wants to get boosted (for free) let me know! I'll be here. Take care and keep playing! ?

CheGuevara? - July 16, 2017, 12:30 am

Alright guys. Whoever contacted me stopped answering when a "Steam Guard Access Code" was needed,
so I couldn't logon to his(your if your reading this) account. I've waited for an answer for a couple of days now,
and I have decided to leave it be. - Which means that I will now be able to help somebody else!

If anyone is in need of ranking up, getting some wins and all that. (Legit playing, no cheats, never.) And you're in the Silver or Gold Nova rank, then let me know! I will gladly help you!

P.S - I must have access to your account, I will play solo. Or if you have a smurf you're most welcome to play with me.

But I will be using your account when playing yes. Guarantee you that I have nothing that could put your account to harm.

Let me know guys! Have an awesome day! Wish you all best of luck!

why would people still do this lol there is fkn vertigo boosting, even if this shit is free

Ask them not me. But I guess you said it, this is free.

They could go on vacation and come home being a higher rank.

I am sure each one has their own reason as to why, so your question is not easy to answer. ?

I am ready to help one more member. Your account must be in the Silver or Gold rank so if you're interested just let me know and I'll get back to you ASAP!

CheGuevara? - July 21, 2017, 11:01 pm

I was about to help someone get out of the Gold Nova rank, however the user seems to have been banned from HF.

I don't know for how long either - so this means I have one spot left. If you're interested let me know!

I'll take you out of silver or out of gold. I can't tell you which rank I'll stop playing at, depends on you

and me.

I do this on my very, very spare time. Because I like to help and because it is amusing. If you have any questions feel free to ask!

Have a wonderful weekend!
