Thread: [Can't buy a BurgerKing Gift Card with my Paypal : Error message](#)

Aura - December 17, 2014, 6:59 pm

Hey guys, Aura here ?

For those who knows me, you know how much I hate and I suck with everything that have to do with online payment, and here I am, yet facing another issue. So I'm trying to buy Grin a BurgerKing Gift Card online, from this website :

<https://www.paypal-gifts.com/us/brands/burger-king.html>

However, when I proceed to pay, I get this error message :

Quote:We are not able to process your payment with your PayPal account at this time. Please return to the merchant site and use another method of payment. I select "USD" as my default currency in my Paypal and I have \$16.00 USD, which should be enough to buy a \$15.00 Gift Card. Anyone can tell me what's wrong ?

And my Paypal is Canadian, if it matters or change anything.

Thank you.
