Thread: [Just finished Akame Ga Kill \(need suggestions\)](#)

newman75 - December 20, 2014, 12:09 am

I just finished Akame Ga Kill and omg was it amazing. I seriously loved that anime. My only problem now is to find more that have that sort of action style + the blood.

I've seen Deadman Wonderland and I plan to watch Kyoukai no kanata. I've mostly been watching psychological stuff without that much action so I don't know too many animes

Noragami is pretty good for action

Psycho pass is pretty nuts

Date Alive is romance harem and action

Mirai Nikki is pretty nutty and action packed

Kill la Kill is pure fanservice and action

Sword Art Online has good animations and fight scenes.

I've been wanting to watch Psycho Pass but I heard there's a season 2 out so I'm going to wait until that's finished. Do the seasons connect or is it safe to just watch 1 and wait for 2 to finish?

Watch Psycho-Pass. It's brilliant.

I can't say much for PS2 but I've heard bad things. I would stay away from S2 and just watch S1. There's closure to S1 so you don't really need to watch the 2nd.

Mirai Nikki

Death Note

Code Geass (no blood though)

Another

Elfen Lied

Shingeki no Kyojin

Tokyo Ghoul

all these are somewhat related to gore/action/psychological

illuminati? - December 20, 2014, 6:21 am

I literally just started watching this last night.

zyvox - December 20, 2014, 6:26 am

Didn't watch it myself yet but I think Mirai Nikki might be what you're looking for

wellager - December 20, 2014, 6:30 am

don't watch deadman wonderland
read it, the manga is 100000 times better

I've seen all those except for code gease. I'm talking like constant action like akame ga kill had

Dude, read my post again

the manga is better than the anime. If you don't know what manga means look it up

I know what your post said. It also says 'dont watch it' when clearly in the OP I said that I've seen it.

I know what mangas are and I never plan on reading any.

Sasaki Haise - December 20, 2014, 11:52 am

I watched both Psycho Pass' and s2 just finished cuz it was really short only 12 eps. There's a movie that's coming out soon. PP1 > PP2 by A L O T, but worth watching to finish the series.

You should reconsider that. As Black Soul said the manga is 1000x better since it actually finishes the story off. One of the few manga I actually decided to read.

Try parasyte the maxim. Not that much fighting but a pretty good anime. Also try Tokyo Ghoul

Esdese - December 20, 2014, 8:15 pm

Kyoukai no Kanata is a fucking must watch. 9.5/10. One of the best ED's in all of animu

Other than that;

Mirai Nikki & Guilty Crown

If you like ecchi then I highly recommend Highshcool DxD.

Whats up with all these new gen otakus? Why no one mentions stuff like Trigun, Higurashi no Naku

Koro Ni, Rurouni Kenshin, X, Blood+ and a lot of legendary level oldies?

Go watch those op, you'll regret none.

Ended up watching Higurashi no Naku Koro Ni and Kai the other day and really liked them. It kinda started slow though

Kingdom and magi is a decent anime to watch if you're bored

I prefer the new stuff. I can't tolerate some of the art of the older stuff. I enjoyed Blood+ a lot though.
