Thread: [\[HELP\] Need a simple source Keylogger in .net](#)

Tazzounet - December 20, 2014, 4:49 am

Hello guys, I need your help, in effect, i search a open source of simple keylogger (textbox for mail, password) and a stub's source

Thank's for your help

PapaBeans - December 20, 2014, 4:53 am

Give something to get something here mate. We aren't going to help you with your one post asking for free source code.

Tazzounet - December 20, 2014, 5:01 am

Lol, ok, So someone who flood the right forum for help will get more than me? lol

Be the first registered user to try that features .

(sarcasm)
