Thread: [\[UPGRADE CONTEST\] Normal --> 1337 OR 1337 --> UB3R OR 3P1C \[< 1 HOUR LEFT\]](#)

Quiver - December 20, 2014, 5:26 pm

I've been racking in a good amount of cash here on HF lately so I have decided to give back to the community.

This contest will be pretty simple. All you have to do is post why you think you deserve 1337 or UB3R or 3P1C. Please remember, do not request UB3R unless you have already been approved for it (I will ask for proof that you've been approved).

This contest will end in roughly 24 hours and I will pick the winner that I think deserves it the most!
12/21/2014 - 7:30 PM CST

Please use this format for your post:

Code I would like to be upgraded to: 1337/UB3R/3P1C

Playing the sympathy card, I entered an upgrade contest a few days ago and won but whoever hosted it got their account closed. ?

Thanks for hosting this contest for everyone.

Why do you deserve the upgrade?: I really want to get 3PIC, but just don't have the money for it. I'm really active on HF and also upgraded a member to L33T when I had some money. Also whenever I have small amounts of money and someone on HF needs it more than me I'll help them out.

tusharthehottie - December 20, 2014, 9:06 pm

I would like to be upgraded to- 1337

Why do you deserve the upgrade- It would give me a chance to avail all the features which are desired, like editing of posts(I forgot to add a virus scan to my thread the other day, and couldn't edit my post), closing my own threads when they are of no use(thus, prevent leechers from gravedig them) and work for my own goals and for the betterment of community in a much better way.

Scarlett Johansson - December 20, 2014, 9:16 pm

I think I could use Ep1C because I could benefit greatly from having it. I have lot of PMs already so a Private Message box increased to 5000 would be sick. I do alot of searches so, if my Search flood limit was set to 5 seconds that would be helpful. I could invoke a Self Ban. People I've ignored cannot view your profile, and that 3p1c userbar image on my profile would look sweet!

:)

1337 - December 20, 2014, 10:13 pm

I would like to be upgraded to: 1337

Why do you deserve the upgrade?:I want the ability to edit my own thread and use the system reputation also i spent a lots of time on this forums but giving this to me will be really appreciate and a nice christmass present :)

sorry my english i'm french.

Larceny - December 20, 2014, 10:25 pm

I would like to be upgraded to: UB3R

Why do you deserve the upgrade?: I doubt I'm the most qualified person, however, I feel as though I contribute to the forums a decent amount. My homepage of HF is the free graphic section, and I view every single request. If I feel as though it's a project I'd do good with, and that the member is worthy, I'll make sure I get it done. (My Rep's are a decent testimony towards what I do!)

Regardless of whether or not I win, I appreciate this giveaway immensely.

It's really a nice thing to see; HF being so cheerful and generous near the holidays!

R I U - December 20, 2014, 10:26 pm

Why do you deserve the upgrade?:I always like to help others out, sharing some freebies .I watched this community grow and really felt honored to be a part of the scene for this long and hope to be a part of it in the years to come.

Along with the above mentioned point, I would like to make myself more capable so that I can help out more, do some free services and host some wonderful giveaway to all the needful members of Hackforums because I find the feeling of appreciation after a job well done the most satisfying one

MrOG - December 21, 2014, 1:29 am

I would like to be upgraded to: 13P1C

Why do you deserve the upgrade?:

I have 15% warning points that means I can never apply for ub3r :(

Here is the story on how I got these.

Alright someone made a community alert about a crypter.

I made a post in the selling thread of this crypter: "Hey guys. There is a Community alert about this crypter[Link to community award]. So I'd check it out if i were you. Ps. I will delete this post ofc when it gets resolved.". Day later I got 15% :) I wanted to clear this with the staff members but they ignore me.

Anyways that's ofc not the main reason why I deserve that.

Yes I know I'm already L33T. But It seems that I like the functions of Epic more.

I'm also helping new members and doing my best to assist HF in anyway.

Thanks a lot op for this giveaway

Why do you deserve the upgrade?:

Hey! I'd like to start by tell you that I'm grateful that you are giving back to community and that I'm sure that I will if my long term method works! I really hope that you select me to become Leet because i am on HF dailey and always surfing and looking around and helping people in all different areas. I mainly help people in the Crypto Currencies area and Montization section because though I haven't had much lucky myself I can help the people that are just starting to earn their first dollar or to set up a long term method to help them gain money. If you look at my respects you can see that everyone that I have helped is extremely grateful and glad that I helped them! In the past I have done many giveaways and today I am giving away a copy of all my hacking tools once it uploads onto Media fire since there is a lot of tools it is taking a long time. I have also done a very popular tutorial before that got some nice feedback and people enjoyed very much!. [The link is here.](#) On top of this I'm running a Skype Group at the moment where I am teaching people a method on how to make money for free auto-pilot. I wish the best of luck to everyone and may luck be forever in your favor.

I would like to be upgraded to: L33T

Why do you deserve the upgrade?: Recently, I have been trying to contribute to the community and I think that I am slowly becoming known and gaining for friends. Soon I'm going to be opening a Mentoring Service for RAT's and I think that if I was L33T more people would trust me because, Apparently on HF nobody trusts me because "You're Not Upgraded, You probably Scam. GTFO Skid" I was hoping an upgrade could change these PM's

Thank you for hosting such and amazing giveaway.

I would like to be upgraded to leet.

I might deserve it because:

I try to be a HQ member (Without being a tryhard) and help people in the Gaming/lounge sections, for a while now.

I feel if i get upgraded people will trust me more.

The only reason I haven't bought this is because I'm not allowed to use my parent's credit card xP
Which is why I didn't do any giveaways; (Those cents are mostly for repwhores anyway)

Thank you~
