Thread: [Nominations: December 2014](#)

Froggy - December 22, 2014, 11:43 pm

Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month nomination thread for December 2014!

Member of the Month is a competition that awards one special member each month for their contributions throughout the community. Every member has the potential to win the award, but the final decision is made by the combined efforts of the user base and forum staff. To learn more about how the competition works, [click here](#)!

The Nomination phase begins today and ends on Tuesday, December 30th, 2014!

This is your chance to determine who gets placed on the poll. You may only nominate one person per month, so make your nomination count! To nominate a member, all you have to do is follow the guidelines in this thread and post your nomination as a response. No other posts (feedback, comments, etc) are allowed; they will be removed and the poster may be warned.

Any member that fits the following requirements is eligible to be nominated: Minimum of 500 posts

0% warning status

Has not already been nominated in this thread

Has not received the [MOTM award](#) previously

Was not in the [previous month's poll](#)

Non-staff member (you can still nominate mentors and ex-staff)

Has contributed in some public way during the month of December (group forums do not count)

Is not the user [Froggy](#)

A nomination post must contain the linked username of the member being nominated, followed by a minimum of three of their contributions that occurred within the month, and a reason why they deserve the award. Contribution links don't have to necessarily be threads, but can also be links to specific posts.

Use the following format to correctly nominate a member:

```

Reason: Literally transformed one of the shittiest subforums(monetizing section) which was mostly spam referral links and unwanted crapola into useful section by strict moderation, giveaways to enhance quality and overall promotion of activity within it. Anyone who follows the sub forum will definitely notice the quality spike in the recent past. Deserves the award for his dedication to the subforum.

[Unofficial | The Knee High Socks Appreciation Club](#)

Reason:

This user has contributed so much to the AA section mainly by taking over the AA Weekly. The AA weekly is the equivalent to HFNT but for Anime. This position requires a ton of time, work and dedication. Let alone posting the thread takes about 4 hours. He made a recruitment thread for the weekly allowing others, such as myself to be a writer for the section. Tweety. helps keep the section stay active by making discussion threads as well. On the topic of leadership, Tweety. is one of the leaders of the group Studio. This shows that he is serious, capable of running things smoothly and is trusted. Finally, after all the seriousness, he is someone who knows how to have a little fun. He made an unofficial group that received a lot of feedback and made hf fun for me and other members.

[Premium Hacking Tutorials clean up thread](#) by [?eshCollider](#)

Reason: ?eshCollider is one of Hack Forums most generous and most helpful members. He is always working on tutorial threads and has given away so much knowledge to other members on the site. He has worked on the Omnicoin team and is currently developing the java implementation of omnicoin - omnicoinJ - and an android wallet for the coin. Mesh is also contributing a lot with leading an initiative to clean up the Premium Hacking Tutorials section (see thread linked above). In previous MOTM polls, ?eshCollider received less votes than most people did and is often not recognized for his hard work and contributions around the site. I believe ?eshCollider should be our Member of the Month for December 2014.

He has the most reputation and very active, he is one of the older members in both age and time spent here and understands the forums well. He deserves one final award which would be the MOTM.
