Thread: [Scammed by 0x68 | UID=1125619 - 2.3 BTC](#)

Morchid - December 23, 2014, 2:11 pm

User: 0x68

Profile: <https://hackforums.net/member.php?action=profile&uid=1125619>

Amount: 2.3 BTC

This was little over 3 months ago.

Lent him 1.7 BTC in return for 2.3 BTC, we've done this before so I didn't worry about not getting money back. He also flew down from Montreal a week prior and we meet up in Toronto.

Typical scam method, gain the trust of a user with a smaller amount. Then assfuck him with a larger amount. Sorry for your loss.

What are you talking about? I never got scammed and I wouldn't need your 50 euros at all. I have enough money to not ask others. So stop spreading bullshit.

The guy is obvious lost in his little head. He claims he sent me \$50 because I was 'scammed' but I haven't been scammed in years. When I confront him about that, he tries to make it not obvious for me to change my rep on him for that reason.
