Closed. Might re-open in future, as of right now, e-book is for sale.

Sword Art Online - December 25, 2014, 11:00 pm

I'll be the first to test out the method I'm presuming. Will report back. Not for people with morals :)

Solister - December 25, 2014, 11:08 pm

Glws. 200\$ seems really expensive even with the best methods.

mr.Qaron - December 25, 2014, 11:11 pm

Anyvouch copies bro? i can give you a full review if you want too. if not. Good luck with the sales bro.

Solister - December 25, 2014, 11:23 pm

Black hat method. Be careful when using

Solister - December 25, 2014, 11:25 pm

Sorry. Apparently i was told all black hat ebooks were agaisnt the rules. My bad. :)

Krebs - December 26, 2014, 10:10 am

This E-Book thread has been officially updated. This method is BLACKHAT but is allowed on HF. It is guaranteed to make you money and lots of it. Have given out copies and sold one copy already. All are satisfied, just waiting on official reviews. PM me if you are interested in this E-Book!

Nobody is going to spend this kind of money on an ebook without you giving out any vouch copies, good luck with sales.

Already said I have given them out and are waiting on reviews ?

+One - December 26, 2014, 11:04 am

I just received my vouch copy:

There is two parts in this E-book, each part contains only one page. There is only 5 steps total. He has good structure on what to do and explains why you're doing it. He has implemented clear screenshot to help the reader to continue with the step, until now the method looks great. The last part needs a little adjustments though, it needs more details and explanation, other than that this e-book looks legit. I will come with full review on earnings and my experience later this week. Cheers

Krebs - December 26, 2014, 11:50 am

Still plenty of copies to be sold. This method has the potential to make as much money as you want!

Its worth it I tell you. Waiting on a vouch review from Payne. and another ub3r user.

Payne. - December 26, 2014, 1:48 pm

Hello everyone. I received a vouch copy from Neuer and here is my review.

Quality: 4/5

Although the eBook is short, it gets straight to the point with pictures and all pertinent information that is required to start making money ASAP.

Ease-of-use: 5/5

Overall, this method is very easy to use. It requires minimal effort on the users part. However, this method IS BLACKHAT, and as a result, I would advise on staying safe with your payment method you choose to receive the money.

Layout: 3/5

The layout is satisfactory. With only five steps it is hard to mess it up. I think there is room for improvement. Luckily the layout doesn't affect the method.

Grammar: 3/5

While there were some errors in the copy I read, he said he is fixing them for this release. It also is worth mentioning, English isn't his first language, but I had no trouble asking questions over PM.

Originality: 5/5

I have never seen this method in all my time here at HackForums. It is really easy to get started and make money quickly.

Other Notes:

Stay safe when doing this. It is a blackhat method, but as long as you're smart about it you shouldn't have any problems.

@Neuer: Thanks for the vouch copy my friend. I hope this review is sufficient. Good luck with sales!

MissChiff - December 26, 2014, 7:14 pm

I was fairly satisfied with my vouch copy.

The eBook isn't long, but it gets to the point. It has clear instructions and there are no grammar issues that I noticed. It's a solid method, and I've never seen it before. Though it's not very unique in the sense of earning money, you can receive a lot of money within a short amount of time. More detail and explanation would tie this eBook together.

Thank you very much for this! I am looking into revising the e-book and if I do I ill resend copies to anyone who received it including vouches!
