Thread: [\[eBook\] Guide To Better English Grammar \(Written by me, Litecoin\)](#)

Wirt - December 27, 2014, 11:20 pm

Hey guys. I just spent the last 4 hours of my life writing an eBook that helps aid people in the ways of better English grammar. I did my best, and this is supposed to be light-hearted, please don't think I am attempting to insult any of you. I just noticed a couple things here and there, and if you're interested in reading it, you may.

If you're interested in this, let me know. I will send you a link to it as soon as possible.

I hope you like it!

(Also, by no means am I saying my English is perfect, because it's not.)

All eBooks were sent out to people that have requested them. I do realize there is a mistake on one of the review questions at the bottom. No worries though, just ignore it.

Thanks! :)

Jinhumane - January 2, 2015, 2:59 pm

I manage to get his eBook and read. To be honest, I recommend to request one if you feel your English isn't anywhere covered on basic grammar, especially if you are one that always make mistakes including simple spellings that you use in your daily mundane conversation. AND IT IS FREE! Thanks Litecoin.

Props to Litecoin for trying help out the English language community growing and getting better. +1

Goat™ - January 3, 2015, 2:21 am

Read this E-Book this morning.

I have to say it's very well written with good spelling, punctuation and grammar!

However, I did know most of the things in this book; it's always good to refresh your memory!

This book even includes worksheets in which you can practice what you have read on.
I'm going to rate this E-Book an 8/10.

Swixy - January 3, 2015, 2:24 am

I would be interested also, knowledge is power you know.

Haggo - January 3, 2015, 2:26 am

Which is why I exclaimed this eBook is useful to people that don't know English Grammar very well, and so on. I am not trying to teach you some l33t h4x0r method on how to have perfect grammar.

I would like to get this please. Thank you

BanthaTrax - February 8, 2015, 6:31 pm

This is a share that I never expected to see on a hacking site. I think it's great that you're offering this. I'm a total stickler when it comes to grammar and spelling. I hope this is useful for everyone who it's sent to. I'd like to give it look, myself, if you wouldn't mind sending me a copy. You had me at 'grammar' but you sold me at 'light-hearted'. Thanks in advance.

janace101 - February 8, 2015, 8:20 pm

Can i have this? I have a terrible English grammar.

Wirt - February 9, 2015, 6:35 pm

BanthaTrax - *February 11, 2015, 3:22 am*

I got my copy sent to me and gave it a look. It's a super quick read and I hope everyone considers asking for a copy. While there are a few errors in it, that are not grammar related, all of the tips and lessons are well put together and simple to understand. Good on ya, Litecoin, for putting this together. Hopefully it help people out.

Saber the King - *February 11, 2015, 3:24 am*
