Toradora, Angel Beats, as me.

And on the next following, I would be the MC and just bang every girl that confess to me:

Love Hina

Zero no Tsukaima

Akame ga Kill

Ore no Imouto ga Konna ni Kawaii Wake ga Nai

That's pretty much it.

TheBlock- - December 29, 2014, 2:58 am

One Piece; only if I get to choose what I get to be and know.

(I will choose my destiny and fate, but I will not know what I put my destiny to be once I'm in.)

Deany - December 29, 2014, 2:59 am

Uh yea, I would rather not get sent to the shadow realm.

Would you want to join me on my adventure in One Piece?

I'd rather kill myself. Thanks though.

Would you kill yourself if you had God power like Enel?

(lightning)

Well I don't think Gods are capable of dying in the first place because, well, they're gods. ?

That's the good old Japanese I know lmao.

But on topic, it depends if you take the place of the MC or not. I assume not so its what anime world I would like to live in...to be honest a lot of them are pretty shitty and dangerous. If I were to pick one Hunter X Hunter dosnt seem like a bad choice. I mean having the ability to control nen seems pretty bad ass.

PS, would you go on an adventure with me Jap :3

Marshmallow - December 29, 2014, 3:47 am

What the fuck are you guys talking about?

Anime is life

neightworks - December 29, 2014, 5:23 am

Soul Eater, but with Elemental Gelades idea on the partnership.

Private Network - December 29, 2014, 7:09 am

Sword art online, but then not the first world (the one where you die).

I think we have the technology for it soon. Gonna be so awesome.

Micki - December 29, 2014, 7:50 am

I would go to pokemon or soul eater.

When it is so far im gonna find you and play it together.

Or kill, whatever suits you.

Peanut Butter - December 29, 2014, 11:03 am

No Game No Life and Log Horizon. More NGNL because that'd be a fun world to live in, everything revolving around games.

Lol, yeah I would love to bang all of them too?

It'll be cool if oculus rift makes anime games.

i don't think you know what "meme" means

Leminiscent - December 29, 2014, 12:21 pm

If I wasn't able to choose who I was then either NGNL or Pokemon tbh.

Though, if I could choose who I was then probably Naruto, I've always thought it'd be interesting.

Ju1c3b0x - December 29, 2014, 12:25 pm

Naruto. It just seems so peaceful. Even during the biggest war scenes you can find peace. Something about the physical confrontation aspect seems honorable as well.
