Thread: [Watching Youtube Videos](#)

Hi guys! Give me your youtube videos to watch and I will watch them all the way through. It's better than just a click since you get a higher retention overall and this boosts your video ratings!

Post them underneath and I will watch them!

Please leave a thumbs up and ask your friends too.

Also, leave a comment saying it works and thanks.

Or to make it more legit, leave a comment asking me a question that I can respond to, to make it look legit as well.

Thanks you.
