Dice Regular v1.1 - All bugs fixed

Interested in running your own Bitcoin Dice Script? Well, after months of work, I have finally developed a PHP dice script that allows you to run your very own Crypto Dice Site!

There are two versions to this dice script, one accepts user investments and one does not.

THOSE WHO ARE LOOKING TO BUY THE USER INVESTED BANKROLL, YOU MUST NOT HAVE ANY PREVIOUS SCAM REPORTS NOR NEGATIVE REP RELATED TO SCAMMING! -- There are only 3 copies available for pre-order, no copies will be sold after this.

Dice Script NON-USER Invest Script

Features:

- Admin Funded
- All source code is not hidden and therefore is changeable by you. You can edit the code and add your own features as you please!
- Provably fair, code is also adjustable
- Compatible with all crypto currencies. You can add/remove any crypto currency you please
- Install included
- Beautiful Custom Bootstrap Design
- Custom themes available
- Mobile optimized
- Well-organized deposit system & instant withdrawals (this is adjustable as to how many confirmations a user can have before withdrawals being sent)
- Registration System
- Security patches, all script is secure
- Chat box
- Adjustable Faucet

Requirements:

- PHP webserver

- MYSQL
- Cron

Price: 0.5BTC 0.25BTC

Demo: <http://cryptobets.co/dicefull> - Find a bug, get .01BTC!

Dice Script USER INVESTMENTS SUPPORTED:

Features:

- All of the features of the previous script
- Ability to take in bankroll investments from users
- Adjust maximum and minimum investment
- Instant invest/divest system
- No delays for users to invest and divest
- Invest only accounts can be manually activated as per user request (locked gambling)
- Chat include, FREE OF CHARGE

Requirements:

- PHP webserver
- MYSQL
- Cron

Price: 1BTC 0.6BTC (ONLY 4 COPIES AVAILABLE) (negotiable)

Demo: Not available for this preorders.

Optional Add-ons (extra price per add-on):

- Chat: Give your users the ability to chat to each other

Price: 0.15BTC

- Extra Licenses (non invest script): One extra license

Price: 0.1BTC

- Extra Licenses (invest supported script): One extra license

Price: 0.25BTC

- Unlimited Licenses (non invest script): Unlimited amount of licenses

Price: 0.35BTC

- Unlimited Licenses (invest supported script): Unlimited amount of licenses

Price: 0.75BTC

If you are interested in purchasing the script, Post below or send a PM to Regular Guy. You can also add me on skype: flickedswitch

Terms of Use:

- 100% money back guarantee if you are not satisfied with the quality of the script
- There will be sql errors which are to be addressed, i'll fix them as soon as possible once purchased
- All licenses are not to be re-distributed unless approved by Regular Guy. Resale rights are available for negotiable pricing.
- All payments are UPFRONT. No partial payments or payment schedules are offered
- You receive all files within 48 hours after your upfront BTC payment
- BITCOIN ONLY accepted
- All sales are manual for licensing and security purposes
- All licenses are recorded to each site, user or domain. If anyone violates these terms their license CAN be terminated via other means.
- Prices are non-negotiable

Thank you for the vouch

We worked extremely hard working on the bugs found in v1, we are confident there are none in this release!!

Invest Dice Script Preorder details:

- only 4 copies are available for pre-order due to scamming circumstances. We can't have 10 investment dice sites running at a time, so we decided to limit it to 3
- Only trustworthy members will get the script. No scammers
- You will receive the script within a week

Price: 0.75BTC

Prices are negotiable guys!

Regular Guy - January 4, 2015, 7:10 pm

Bump this is still for sale at discounted prices!

Black Shadow - January 6, 2015, 12:54 pm

Look at your post count, this might be a sign I should buy this ?

hahaha, i guess that problem is now resolved!!

By the way--

-- Chat is now a lot fast

-- Overall site functionality is as speedy as ever!

-- Some more minor bug fixes :)
