Beznia - January 1, 2015, 11:23 pm

Hey guys. I've made ~\$1600 the past 6 weeks goldfarming, and thought I'd make my first purchase something fun to brag about.

Paid \$404.65 after tax, pretty happy with them.

Vip?r - January 1, 2015, 11:24 pm

Lol a lot of people hate beats by dre so that's not really a brag...
Also why would this make people mad?

CyberneticTitan - January 1, 2015, 11:25 pm

I've seen people post their new beats before and people get butthurt and say "Hurr durr but Sennheiser... Audio-Technica... Beyerdynamic are cheaper and sound better why waste money on Beats" and I just love seeing people get angry about how someone else spends their money.

Well, I'd say, waste of your money but nevermind. Enjoy.

Cool headphones, would've bought the same if I needed them.

I wouldn't have refunded them, or cheated the place you bought the headset, for their money. You little poor scumbag.

The fiio is very bulky for what you get. I've long since moved onto the AK120 which is much smaller and sounds much better with most of the same features
